THE RAILROADS.

NEWS NOTES FROM THE VARIOUS STEEL HIGHWAYS.

San Francisco Yearning for the Advent of the Santa Fe—Transfer of the San Diego Central, Etc.—Spikes.

The publication in yesterday's TIMES of the important interview with C. W. Smith, first vice-president and general manager of the Atchison, Topeka and Santa Fé, caused a considerable sensation in railroad and business circles. It was an absolute "scoop," no other paper having had the faintest reference to any of the important facts contained therein. As there is no better authority on matters connected with the Santa Fé system than Mr. Smith, his statements are regarded as absolutely final. He throws light on many points as to which the public was still in some doubt.

YEARNING FOR THE ATCHISON, TOPEKA AND SANTA FE.

The Chronicle feels happy in the belief that the Atchison, Topeka and Santa Fé is to extend its line at once to the north.

Vice-President C. W. Smith, of the Atchison, Topeka and Santa Fé, stated, in the important interview printed in yesterday's TIMES, that his road had no idea of such extension in the imminent future. The Chronicle says, among other things, in an editorial headed: "They Mean Busines:"

"The circular of the Atchison, Topeka and Santa Fé Railway indicates beyond a doubt that it is the immediate purpose of that company to extend its road to this city. The company proposes to issue collateral trust 5-per-cent. gold bonds, to run fifty years, to the extent of $13,000,000, one-half of which will be needed for Kansas lines, and the rest will presumably be devoted to railroad extension in California.

"Six and a half million dollars expended in railroad construction in this State by a line competing directly with the Southern Pacific Company would make a wonderful change in business conditions in California. But the disbursement of the money would be the smallest item toward assuring the future prosperity of the State. The fact that this powerful company sees that the time has come when it can parallel an existing road with safety, is much more significant of the future of the State than the mere expenditure of the money necessary for construction and equipment. Railroads are not built on any sentimental basis, and if the Atchison extends its lines to this city, it is because it will pay the company to do it, and for no other reason. . . .

"No doubt the rapid increase in population of Southern California has stimulated the immediate extension of this line, but there is a reflex influence in railroad building which is sometimes lost sight of. Railroads make population, and population makes railroads. Sometimes one comes first and sometimes the other, but they soon become inseparable. Every accession to the population secures increased railroad facilities, and every concession on the part of the railroad induces increased population. As the railroad extends values increase, and as values increase the railroad extends.

"But in addition to the increase of population and the development of hitherto undeveloped portions of the State, the greatest benefit of all ensues—that of competition. There is no railroad commission which can do such effective an equitable work in fixing freights and fares as a competing railroad. It seems to develop at once an air of accommodation and friendliness toward the people which no manner of statute is able to induce. Instead of being arbitrary and dictatorial, selfish and unobliging, careless and indifferent, as is too apt to be the case where the carrying business is a monopoly, a spirit of universal peace, good will and kindly feeling seems to brood over the scene, and to suggest harmony and agreement where formerly all was trouble and dissension. There is no such peacemaker between a railroad and its patrons as a competing railroad.

"We look upon this projected move of the Atchison Company as the most important step that has been taken for many a year, not only for the general welfare of the State, but for the especial benefit of San Francisco. We confidently look for a revival of trade and manufactures, an increased movement of real estate, more work for the non-employed and a general era of good times, as the immediate consequence of the building of this road to this city; and the sooner the plans of the Atchison, Topeka and Santa Fé Company are carried out, the better it will be for State and city."

A WISE IMPROVEMENT.

It has long been a wonder to observant people that the long trestle of the L. A. & S. G. V. R. R. across the Arroyo Seco between Garvanzo and Lincoln Park should ever have been located where it is. Trains running in either direction do down a steep grade to get to the bridge. Now that the A., T. & S. F. has got hold of the road, however, it is ready to relay it with heavier iron and make other improvements, this objectionable spot is to be altered. The Pasadena Star says that Thomas Banbury has taken the contract to do the grading for a new bridge across the arroyo which the L. A. & S. G. V. R. R. has decided to build at once. It will be put about a quarter of a mile below the present structure, where a straight crossing can be obtained at the narrow point opposite the old Garvanzo site, thus obviating the necessity of using the present long and curved bridge. The change of route requires a heavy cut along the south bank.

SAN DIEGO'S DEPOT.

The San Diego Union says: "In his secret consultation with the City Trustees Monday afternoon President Smith, of the California Southern, agreed to erect a union passenger depot, to cost at least $15,000, finishing it within six months, upon the city's half block at the foot of D street, provided that the city would grant him title to the property as soon as the depot shall have been completed. All agreed to this, and a contract is being drawn, to be signed at the next meeting. Work will begin in about thirty days."

"HAVING BEEN CUT OUT."

The San Diego Union says: "H. D. Gillette, an engineer in the employ of the Southern Pacific, is in this city, and will start, as soon as the weather permits, on a preliminary survey of available railroad routes from this city to Santa Ana. He thinks that the line will lie through the 'back country' somewhere, the Southern Pacific having been cut out of the Capistrano route by the Atchison people."

THE SAN DIEGO CENTRAL.

The San Diego Sun of the 17th says: "The Sun reporter has it today on reliable authority that the San Diego Central Railroad franchise has been formally transferred to the Atchison, Topeka and Santa Fé Company. General Manager Smith, while in the city, stated that the steel rails had already been purchased for the line, and that it would be constructed at once. It is also definitely settled that marine ways will be built here the coming season, a company having been formed with a capital of $30,000, of which the Atchison Company takes $10,000, the Coronado Company $10,000, and $10,000 will be placed by the banks of this city. The construction of these ways will be another important step in the development of the commerce of San Diego Harbor, as it will enable vessels of all classes to 'lay up' here for repairs. It will also remove the obstacle which has prevented the whaling fleets from making this their permanent station."

Work on the San Diego Central Railroad will begin at an early day.

FAILED TO MATERIALIZE.

The Santa Ana Blade of the 17th says: "Both the A., T. & S. F. and S. P. railroad companies are still surveying and grading on the line between this point and San Diego, when the state of the weather permits, which has been somewhat infrequently of late. The 800 men of the S. P. force who, as a rumor had it, were to have been here last Saturday ready for work, failed to materialize."

ONTARIO POINTS.

The Ontario Record says: "The rain has interfered with the grading on the Los Angeles and San Bernardino extension of the Santa Fé, but the work is being pushed with all the expedition possible. The graders are camped west of San Antonio avenue. The grading is practically all completed east of Euclid avenue, and will be finished to the west line of the colony in a few days. There is another camp between here and Pomona, and over two miles have been graded there. The rails will probably be laid to Cucamonga this month, or perhaps later than that if the present bad weather continues.

"Mr. Lyndall has favored us with some figures from his January reports that indicate a marked increase in the railroad business at this station. There were received 617,630 pounds of freight, charges $1045.60; there were forwarded 12,470 pounds, charges $31.10; 34 box and 13 flat cars were used in handling this freight. The ticket sales were nearly double the average for last year, being 819, $1006.45; 72 pieces of baggage were forwarded and 145 received. In telegraph business the showing is much larger than ever before, 104 messages sent and 78 received, the charges aggregating over $100."

AN ALLEGED BUY.

The Pasadena Star says: "The report that the Southern Pacific has bought the Spawforth and the Visscher tracts, northeast of this city, has excited considerable interest and much comment. We have not heard it contradicted, and, indeed, have too good authority for its truth to regard a contradiction as a matter of much importance. *En passant*, it may be remarked that the Southern Pacific surveying corps is still in the field here, being at work in the vicinity of Pasadena avenue."

SPIKES.

Travel has proved light so far since the storm, excepting in the way of excursions from the East.

President Strong, of the Atchison, Topeka and Santa Fé system, was expected to arrive last night.

The Texas and Pacific has opened a ticket and freight office at 231 North Main, with S. P. Mulford and Percy R. Wilson in charge.

J. F. Bandholt, of Kansas City, long with the Pullman Palace Car Company, got in with the Warner excursion, and plans to locate here.

Vice-President C. W. Smith, of the Santa Fé sytem, went down to Santa Ana, yesterday, to see how things are going in that lively neck of the railroad woods.

A train on the Southern Pacific was ditched, yesterday, at one of the Tehachepi land-slides. The south-bound train, on this account, did not arrive here till 7:30 last night.

The postponed California Southern excursion to Riverside, to enable those interested to inspect the buildings and process of the Interocean Cold Storage and Shipping Company there, has been set for next Tuesday, the 22d.

SHELL OUT!

Let's Help Miser Vilas Run the Postoffice.

THE TIMES has kept its readers fully posted as to the atrocious neglect of the Los Angeles postoffice by the government, and the penuriousness of Postmaster-General Vilas, which keeps the matter a crying shame. It has also given due publicity to the fact that—goaded to desperation by the niggardliness which causes hourly inconvenience to a city of 50,000 people—the Board of Trade has resolved to start a subscription list to collect $400, wherewith to hire two additional clerks for the postoffice for three months. The subscription paper is now ready and will be circulated today. Following is the able heading of the paper:

We, the undersigned, citizens, of Los Angeles, realizing that out of a gross revenue of over $95,000 per annum, the Postoffice Department at Washington is unable to furnish the postoffice in this city, the clerical force the exigency of the service demands, herewith subscribe the sum of $1 each toward a fund of $400 in order that two additional clerks may be employed for the period of three months.

"Economy is the road to wealth."

"Save the pennies and the pounds will take care of themselves."

"Thrift is essential in the management of the Postoffice Department."

"God helps those who help themselves, and maybe I will, too."

Extract from a speech to be delivered by the Hon. Postmaster-General at Los Angeles in the sweet by and by.

The list with this text, so to speak, will be presented today to the business men of the city by responsible agents of the Board of Trade. Of course the collectors will not have time to stop and discuss the matter with every one—and they don't need to, for every one understands the situation. Every one will look pleasant and "put up," and it will be strange if the full amount is not raised in a very few hours.

The Lumber Market.

The enormous rush of building in this city and all the surrounding country makes a heavy drain even on the extensive resources of the numerous heavy lumber firms of Los Angeles, causing at times a slight pinch in the market. Lumber is now coming in very well, however. The Kerckhoff-Cuzner Lumber and Mill Company alone has now seven schooners unloading lumber at San Pedro. Each of these schooners has has 300,000 feet of lumber, a total of 2,100,000 feet for one firm. Lumber has made no advance in price here in many weeks. It has risen $2.50 per thousand in the north, but local dealers say this will not affect the Los Angeles market at all.

There is also a temporary dearth of brick, the mud making the brickyards inaccessible for a day or two.

Woman Suffrage Club.

Because of the storm the meeting of the Woman Suffrage Club, at the parlor of the Hollenbeck block, last Tuesday, was postponed to Tuesday, February 22d, at the same place and hour. Interesting documents from Washington will be read.

"DUTCHY."

ONE OF THE GOLD-BRICK SWINDLERS CAPTURED.

An Important Catch by Chief Skinner—Further Developments in this Most Sensational Case—Clements Discharged.

The police have not grown weary in pursuit of the dangerous confidence men, an account of whose operations was contained in Thursday's TIMES. They have been working steadily on the case, and were rewarded yesterday by a capture even more important than the taking of the "gold" brick itself—the arrest of "Dutchy," the smooth scoundrel who "worked" the game in connection with "Johnson." Chief Skinner did the job himself; and though he modestly disclaims anything more than "good luck," the capture speaks for itself. Getting a clew as to the probable whereabouts of Dutchy, the Chief went at about 8 o'clock yesterday morning to Date street, and gained admission to the house of a certain respectable private family who had a room to rent. Their number is suppressed at their request. Going to the rented room the Chief effected an entrance and directly had his man. Dutchy was in bed when the Chief arrived, and when he heard the summons to open he up jumped up in his shirt and sought refuge in a closet, whence the Chief promptly ousted him. Dutchy has been rooming there during the several weeks that he has operated in this city. He was marched to the police station and booked for conspiracy. In the afternoon he was arraigned in Justice Austin's court on the same charge and his examination was set for next Friday, with bail fixed at $500. There is no possible doubt that the right man has been caught. Huyett fully identifies him, and Dutchy made statements last night which were a virtual confession of his guilt. He gives the name of William Ritchie.

Andy Burns, the sport whose arrest for complicity in the swindle has already been noticed, also came up before Justice Austin yesterday afternoon, charged with conspiracy. His examination was set for the same day and his bail fixed at the same sum.

Paul Clements, the alleged idiotic ventriloquist, who was charged with robbing C. B. Huyett of $295 at Washington Gardens by the "pigeon" game a week ago yesterday, came up before Justice Austin yesterday morning, on a charge of obtaining money under false pretenses. Huyett was sure of his man, but the blacklegs were out in great force, and of course had no difficulty in proving an alibi for him. There were two charges against him—one for a similar robbery at Santa Monica two weeks ago. He was discharged on both counts.

The gambling fraternity is greatly exercised over the matter, and the sports are all as nervous as if sitting on a hot stove.

The Express was very quiet yesterday on the subject of its "silver brick" sensation, in which THE TIMES exposed its fool canard. It only says that an additional charge of selling a silver brick to a certain citizen will be placed against Dutchy. This also is false. No such charge will be entered against him, because he sold no such brick, nor did any one else. If the Express wanted to fib, it might have been smarter. When one does a little figuring on the weight of silver the force of this remark becomes apparent. If the "silver bar" was worth only the $2000 alleged to have been the selling price, it would weigh 160 pounds. But of course it must be worth several times the selling price, or there would be no point to the swindle. Calling it that the alleged thief was willing to sell to the alleged tailor at only half price, the brick must weigh 320 pounds—a fine thing to pack around in the "small hand satchel" the Express tells about. The able journal should hire an abler prevaricator.

A LEAKY ROOF

Causes a Six Hundred-dollar Damage Suit.

R. W. Pridham, the bookbinder filed papers yesterday in a damage suit for $600 against Diedrich Kuck. Pridham, in company with Kingsley & Barnes, job printers, on the 1st of January rented the upper story of what is known as the Espelet building, over the Fountain saloon, on Spring street, from Maier & Zobelein. Their lease was to run to February 1, 1888. The lessors agreed to keep the building in thorough repair. Later Maier & Zobelein sold out to Kuck, transferring all obligations. Compainant alleges that although Kuck was frequently told that the roof was in a leaking condition, he utterly refused to have it repaired. When the tremendous rain of February 14th came on a great amount of water ran in and seriously damaged Pridham's perishable stock. He lays his damages at $600, and prays that Kuck may be compelled to reimburse him in that amount.

WANT TO REDUCE.

County Clerk and Recorder Advise Smaller Fees.

In response to a request from State Senator S. M. White, County Clerk Dunsmoor and County Recorder Gibson were at work yesterday on a revision of their fees to what they think would be the proper figures. They will send up the revised list today. They advise a reduction of 25 to 50 per cent. all around—indexing from 25 cents down to 10 cents per name; copying, from 20 cents down to 10 cents per folio; mapping, half rates, etc. In the Clerk's office they advise that the rate on all copying be reduced to 10 cents a folio. It is now 20 and 25 cents. Posting notices, now 50 cents, they would have reduced to 25 cents. The proposed reduction covers every class of fees.

Dietrich's Case.

When THE TIMES went to press yesterday morning the jury in the case of George Dietrich for the murder of Andrew Snyder was out with a prospect of disagreeing. Shortly before 11 o'clock yesterday morning they agreed and brought in a verdict of manslaughter. They stood all night ten for manslaughter and two for murder in the second degree. Sentence will be pronounced on the 23d. Dietrich thinks he got off easily.

A Baptist Monthly.

The first number of The Southern California Baptist has been issued. It is a monthly religious journal, with Rev. M. V. Wright as editor and all Baptist ministers associated with him. The first issue contains, besides much religious reading, a history and description of the new Baptist College, with a map showing its location. It will be devoted specially to the interests of the Baptist Church in this region.

SOUTH PASADENA.

WHAT IT IS AND WHAT IT PROMISES.

Noble Scenery and Attractive Home Sites—The March of Improvement—Hotel, Street-car Line, Gas and Things.

As the name of Pasadena has become widely known, and as she makes a special boast of her near kinship to the "mother mountains" (the Sierra Madre range), we will remind those to whom this may come that there is a south side to this question. South Pasadena also lies in full view of the stern, high barrier between us and the north. "Distance lends enchantment," and if we are not near enough to lean up against the rocky cliffs when tired, we are away from the cloudbursts and the gullying torrents of a rainy time. Besides, we have hills of our own—from the one on which the Raymond is enthroned, and that which Mr. Scharf is preparing for an exhibition of the beauties of his art, to the cluster on our southern border—that will, by and by, be adorned with many a charming home. Then we can stand in front of our White House, the Hermosa, and overlook the active doings of our fair neighbor, Garvanzo, while admiring the proportions of the hill, under the sunset, into which Kercheval, the Los Angeles poet, gravely tells us the giant who sowed the acorns—the seeds of our grand oaks—was transformed. About this giant who, after all his tree-seeds were scattered over San Gabriel Valley,

"Turned his pockets inside out
And sowed the seeds of chapparal,"

we'd like to give further information, but must reserve the details of our local myth for a future occasion.

South Pasadena has been quiet and made small show as yet, but don't imagine she's asleep—she is only laying the foundation deep for an upbuilding that will make the world open its eyes in the next ten years. Do you ask for pleasant sites for homes? There are knolls and gentle swells of land, there are the bordering hills and the oak-adorned beauty of "the bench." And this will be "away up" when the long-time home of the chicken stealing wild-cat and coyote shall be transformed into "Arroyo Park."

Travelers who stop and examine for themselves cannot fail to perceive the exceeding natural beauty and advantages of our location. The people who are here are unassuming, kindly and social; and still have no lack of the vim that looks for and will win due recognition. They have already filled their schoolhouse with an overflowing crowd of pupils, who are crying for more room; they are about to build the first, but by no means the last of the churches that will soon be called for, and are now projecting the establishment of a public library, for which a lot has been conditionally donated.

Our near neighbor, Alhambra, is moving rapidly forward, so that, ere long, we must grow into one community. She is building a street-car line, will be crossed by the coming branch of the California Southern Railroad, is putting up all needed public institutions, etc., etc.

There still remain with us opportunities for acquiring land and homes at a reasonable outlay. The Raymond Improvement Company hold a tract in front of the great hotel, part vineyard and the rest dotted with trees like a natural park. We hope some of these trees will be preserved, and hand down to a dozen generations the story of the oak-planting giant of vanished ages. South of the Monterey road there is another tract owned by Messrs. Smith and Jacobs, and you can find the way to these and other lands by calling at either of the three real-estate buildings near South Pasadena depot.

The writer hereof was about to enter one of these the other day, when the new hotel building opposite the station attracted attention. We entered and inquired for a guide through the same. Mr. Gaskell came and took us all over it. We found a model arrangement of about fifty rooms, supplied with electric bells, and that will have cold and hot water throughout. There are closets in each room; also plenty of windows, with beautiful views on all sides. There are two bathrooms—one reserved for ladies—and there will be a double piazza outside.

The building will be lighted with gas, and if there is "anything in signs," or if the character and ability of the lady who is to be the Psyche of the establishment amounts to a "pointer," then this hotel will be a restful home.

On the first floor are two large, commodious store-rooms, suited for dry goods, hardware or groceries, for all of which there will soon be a call and a necessity. But the owners will soon have out the proper advertisements; therefore, we will not enlarge on building matters, etc.—till next time.

B. E. E.

Sufficient Drink.

[Harper's Bazaar.]

Medical authorities now declare that it is of vital importance to health that the system should receive daily a sufficient quantity of water to amount to what sailors would call a "flushing;" that is, sufficient to wash away the waste. Most of the matter which should be excreted is solid, and requires a comparatively large volume of fluid to dissolve it so that it may be cast off, an example of which may be seen in the case of uric acid, which needs several thousand times its weight in water to dissolve, or else it crystallizes in the shape of calculi, or produces other diseases. Three and a half pints of water or other clear fluid, not obstructed by semi-solid contents, should be taken daily by every adult, and by large people as much as four and a half or five pints, in order to keep the cells of the kidneys well washed out, the effete waste matter from the possibility of depositing itself where it may do harm, and the system in health generally.

The Value of Death-bed Confession.

[Detroit Free Press.]

Of five people who, on their dying-beds last year, confessed to great crimes, only one told the truth. In the other cases it was shown that the "confessors" could not possibly have had anything to do with the crimes. There are death-bed cranks as well as cranks in good health.

SOMETHING FRESH.

Cradle Song Entertainment—A Unique and Cunning Affair.

A couple of months ago an entertainment was given in San Francisco that aroused a perfect furore of excitement. A number of cultivated and attractive society women attired themselves in the pleasant costumes of many nations and sang lullabies over infants in curiously wrought cradles. The performance consisted of a series of tableaux in which the idea of nationality portrayed in the costume of mother and baby was carried out in every detail of their surroundings. In the American Indian tableaux the squaw crooned an outlandish ditty to a tiny papoose slung from the branch of a tree. The English mother, with her huge mastiff at her side, was standing in front of a fine old open fire-place. The French "maman" entered the nursery in full evening costume, to kiss her "petite" on both cheeks before the carriage whirled her away to a midnight revel. The "mothers" were the most beautiful young girls in the city of beautiful woman. The Chinese mother, by the way, the most popular character of the evening, is a native of Los Angeles. Her get up was perfect, and her song in Chinese to an instrumental accompaniment played by herself, brought down the house. She was encored three times. The novel and artistic form of entertainment thus hastily described has been taken up here by the ladies interested in the Free Kindergarten. They announce two performances to be given at the Turnverein Hall on the evening of February 25th and the afternoon of the 26th. There is no reason why the exhibition here should not be as brilliant a success relatively to our numbers, as that at San Francisco. The committee are sparing no effort in the matter of costumes, grouping, etc., and as to fair faces and sweet voices they have an ample store to draw from.

Incorporated.

Articles of incorporation were filed yesterday by the San Rafael Water Company. The object is to buy and sell land and water and water rights. The directors are James Campbell, Byron O. Clark, J. W. Wilson, N. G. Yocum and W. S. Arnold, all of Pasadena. Capital stock, $24,500.

A Big Egg.

Willard Bassett, a milkman, brought to THE TIMES office yesterday an extraordinary large egg, which was laid by one of his hens. It weighs five ounces, is three and a quarter inches in length and two inches in breadth.

What Doctors Sometimes Endure.

[Carlisle Herald.]

A rather ludicrous incident happened to a physician at New Kingston the other day. The physician, Dr. Gibson, who has lately moved to that place, was called upon to see a patient—an aged woman, but of strong and muscular build and energy. He thought, after some little conversation, that she suffered with rheumatism, and was about to place a seat for her near the light in a warmer room, where she had followed him with her husband, when, without a word of warning, she struck Dr. Gibson in the neck, and with so violent a blow that for a moment he was afraid he would lose consciousness. The unfortunate woman's mind was unbalanced, and for some past she has labored under the hallucination that every physician who has been brought to see her was a horse doctor, who mistook her for an animal of that genus and wished to give her that kind of medicine. The Doctor told his informant, to whom he gave this story, that such incidents were not unusual in a physician's experience.

Gas Piped Sixty-five Miles.

[Pittsburgh Times.]

James McManes, Thomas R. Brown, Thomas Bradley, J. B. Salter, Joseph Morton, S. Hart and J. S. Rittenhouse passed through the city yesterday, on their way home to Philadelphia, after attending the annual meeting of the Columbia Gas Company, at Franklin, Pa. The report shows that natural gas could be successfully piped long distances. They started with a pressure of 540 pounds at the well and carried gas 65 miles, to Youngstown, where the pressure was 180 pounds.

An Appeal to Unwatched Honesty.

[West Chester Local News.]

A gentleman stepped into the Wright House, in Parkesburg, the other day, and having time before the train was due, threw his overcoat in the window and asked a young man sitting close by to keep an eye on it till he would go up and get some supper. "Certainly," was the reply. When he came back the young man had changed positions, and attached to the coat was a card, on which was written: "Don't touch it. This man has just had the small-pox."

Dots.

CATARRH

CONSUMPTION,

ASTHMA and BRONCHITIS,

Treated specially and successfully by

W. N. DAVIS, M.D.,

45½ N. SPRING STREET,

Los Angeles, : : : California.

MEDICAL INHALATION COMBINED WITH CONSTITUTIONAL REMEDIES.

My treatment of the diseases of the respiratory passages consists in the employment of Medical Inhalation, for its direct effects on the diseased organs; and, at the same time, adopting such hygienic measures, and administering such medicines by the stomach as will most effectually purify the blood, give tone to the nervous system, and build up and strengthen the general constitution. In other words, I employ combined local and general treatment.

What is Medical Inhalation Before stating briefly what Medical Inhalation is, I propose, in as few words as possible, to state clearly what it is not.

Medical Inhalation is not a cure-all, a nostrum, or a panacea. It is not a Specific Remedy for any disease. It is not a quack medicine, advertised to cure any or all the ills that flesh is heir to, and intended to fill the pockets of its proprietors. It is not a talisman, whose possession insures health to its possessor without the intervention of either sense or judgment. Medical Inhalation is none of these things.

Medical Inhalation is simply and solely a method of taking medicines by inhaling or breathing them into the lungs, instead of swallowing them into the stomach. By Inhalation, the proper medicines are applied directly to the seat of the disease, in the nose, throat or lungs; and it is clear to every reasoning person how peculiarly applicable Inhalation is in the disorders of the organs named. If you have scalded or burned the surface of the body, or wounded any limb or member, you do not swallow the remedy intended to heal the disorganized tissue. On the contrary, you apply it directly to the seat of the wound or injury. Why, then, when suffering from catarrh of the nasal passages or throat, or afflicted with ulceration of the lungs, should you rely on medicines taken into the stomach?

Medical Inhalation not only applies the proper healing remedies to the seat of the disease, but it applies the remedy in the gaseous or vaporous form, in which form, as is well known, medicines act most powerfully. How much greater, for example, is the effect of a drachm of chloroform, when inhaled or breathed, than many times the quantity when swallowed into the stomach. The same is true of chlorine, of iodine, and of many other substances. By inhalation the medicine is not poured into the stomach, and thence sent wandering through the system in search of a malady, which may be mainly or entirely a local one; but by this method the proper remedy is applied directly to the diseased organ. Who, after studying the anatomy of the lungs, can doubt that in inflammation and ulceration of the air-tubes and air-cells, the direct application of the healing medicine by inhalation to the diseased parts, is the correct and rational method of treatment? Who, on the other hand, can be so irrational as to believe that the proper and direct way to reach the diseased surfaces of the air-passages, in this case, is by the way of the stomach? Physiology teaches us that the membrane, or skin, lining the air-passages of the nose, throat and lungs, is only a slightly modified form of the same structure as that which covers the external surface of the body. Why, then, should local treatment be proper and necessary for inflammations, congestions and ulcerations of the one and not be equally so in the case of the other?

My experience and success in treating diseases of the nose, throat and lungs, demonstrates, beyond all question, that the true scientific treatment of these diseases is that treatment which combines the local effects of medical inhalation with the constitutional effects of systemic remedies, given in the usual way by the stomach. One or both methods must be adopted as the circumstances demand, and such remedies must be employed as the experience and judgment of the physician have proved to be proper in each particular case.

MEDICAL ADVOCATES OF INHALATION.

Physicians who were educated twenty years ago or more, and who have not kept up with the times in the advance in medical science, have very little idea of the great importance all leading medical writers now give to Medical Inhalation in the treatment of pulmonary diseases. To such an extent is this true that no patient should intrust his case to any physician who is not well prepared and thoroughly equipped with everything necessary for the administering of the proper remedies by the method of Inhalation.

The numerous cures effected by Inhalation in cases seemingly past all help, and the uniform success attending its use in diseases of the respiratory organs, renders it obligatory on every honest physician to at once apply himself to gain a practical knowledge of the Inhalation, or, if that is not possible, he is at least bound to decline to treat such cases.

Among the most eminent physicians of the age who are fully awakened to the value of Medical Inhalation in these diseases are the following: The celebrated Dr. Burdon-Saunderson; Dr. La Roche, of the Paris Academy of Medicine; Dr. Frederick Langhaus, of Berlin; Drs. Klebs and Tommasi-Crudeli; Sir Archibald Dickson, of Edinburgh, Scotland; Dr. Eichler, Dr. Cameron, Dr. Gurdon Buck, Prof. Albert Lehert, the celebrated Dr. Hughlings Jackson, the venerable Dr. Robert Dickinson, Prof. Thierfelder, Spencer Wells, Dr. Hilton Flagge, Dr. G. P. Wood, Drs. Fritsch and Hitzig, Dr. Fothergill, Dr. Richard Thompson, Dr. R. S. Carpenter, Drs. Anstie, Ball, Fuller, Lancereaux, Krauss, Huguenie, Heller, Orth, Corrigan, Fenwick and many others. With scarcely a single exception every medical authority of eminence recognizes the wonderful potency of this new method, and the coming generation of physicians are certain to be thoroughly educated therein. At present it is only a few physicians here and there who have made "Diseases of Respiration" a life study that are fitted in any way to employ the wonderful resources of Medical Inhalation in the cure of these diseases.

THE CURABILITY OF CONSUMPTION.

For five years the celebrated Dr. I. H. Bennet was pathologist to the Royal Infirmary of Edinburgh, and in his great work on "Consumption" he makes the following statement: "During this period I made upwards of 2000 post-mortem examinations of persons dying from various diseases, and I was constantly meeting with cases in which I found cavities in the lungs from consumption, which had evidently healed up or cicatrized years before the death of the subject. Nature did not seem to have been successful in restoring the wasted lung-substance, but the cavities were dried up, the progress of the disease arrested, and the subject lived for years, with diminished lung power it is true, but otherwise in good health."

CONSULTATION FREE.

Excursion and Auction Sale.

Great, Grand Auction Sale!

-:-AT SANTA MONICA!-:-

—: By JOHN C. BELL & CO., :—

Real Estate and General Auctioneers, Room 17, Temple Block,

—: LOS ANGELES, CAL., :—

On Thursday, March 3, 1887, at 11 o'clock, A.M.,

By Order of Messrs. Jones & Baker,

—WILL BE SOLD—

FROM ONE HUNDRED TO TWO HUNDRED LARGE, ELEGANT, FINE LOTS!

Sale Takes Place on the Ground.

The world-renowned SANTA MONICA, the only watering place where a gentleman may have his family reside at the beach and have all the necessary time to transact his business in the city; about 50 minutes' ride. Fine, cold, clear, sparkling MOUNTAIN WATER piped to the grounds. SOIL, fine, light, sandy loam; will grow anything that can be grown in the tropics. CLIMATE and BATHING, no place and accommodations superior. The sale will be continued from day to day until the number of lots are sold.

SCOTT'S ARCADIA HOTEL of Santa Monica, the Palace of Southern California. The accommodations are unequaled, superior, and of the highest order. Ladies and gentlemen are respectfully requested to examine the lots previous to the day of sale. Catalogues will be ready in due time so as to enable you to mark your catalogues and be ready to bid. Our sale is advertised ahead to give parties at a distance all necessary time to enable them to attend. Parties wishing catalogues at a distance address R. S. BAKER, Esq., WALTER VAN DYKE, Esq., of Wells, Van Dyke & Lee, Baker block, or JOHN C. BELL, 17 Temple block. Parties at a distance, who are unable to attend, may forward bids of any lots to be sold by telegraph. The lots to be sold are bounded by Third, Nineteenth and Railroad ave.; every lot to an alley; size of lots, 50x150; will be sold single or in lots to suit purchasers.

TERMS OF SALE, CASH.—All accounts until day of sale at expense of purchaser. Abstract at the office of Wells, Van Dyke & Lee, Baker block. 10 per cent. to be paid on the fall of the hammer, balance to be paid on receiving deed. All parties please take notice: You will receive your deeds from Walter Van Dyke, Esq., at the office of Wells, Van Dyke & Lee, attorneys, Baker block.

NOTE.—Probably there is no beach on the globe with such a world-wide reputation as Santa Monica, attested by parties from almost every nation on the continent. Everybody cordially invited to attend.

JOHN C. BELL, Auctioneer.

Unclassified.

C. G. GILLMORE. BRANSON FORBES.

Real Estate on Monthly Installments.

Also, a Choice Tract of 90 Acres for Subdivision, and an Excellent Dairy, Corn & Stock Farm. For Sale Strictly on Their Merits.

No brass band at your expense, no free lunch, or houses given away, no by-bidding at auction sales, no lottery schemes required in selling property that has REAL MERIT; for those who reason for themselves and compare notes as to values and advantages of property we may offer over adjacent real estate. We are here to stay, have a due regard for public opinion, and, in the end, find it more pleasant and profitable to recommend such properties as have never failed to realize profit to purchasers. Among our best bargains are:

FIRST—An additional subdivision of 20 acres (the first 20 having been closed out at lower figures) lots 50 feet front, wide streets, 1 mile east of our city limits. GRAND VIEW of mountains north, valley and ocean south, portion of city west; perfectly level; the only tract east of city limits having ITS OWN RESERVOIR. Besides, these lots have a new well, 80 feet of excellent water, large windmill and tank, for domestic purposes, free. Twenty thousand dollars is now being expended under contract on grading Second street alone, to be completed in 70 days. Fifty acres have been donated for a magnificent college. It is between the proposed cable and electric roads (partly completed) not far from street cars now running. PRICE, $150 PER LOT. Terms, $30 down and $10 monthly installments; no interest. Valuable developments will be made within the next 30 days, after which prices will be advanced.

SECOND—A beautiful tract of choice land for subdivision of 90 acres. A grand view, nearly all level; no alkali or adobe land; near our city limits; has an oversupply of excellent water; in the line of march of valuable improvements. ONLY $400 PER ACRE. Terms to suit.

THIRD—One of the choicest dairy farms in this county, or unsurpassed for corn, alfalfa and stock; 144 acres, 12 miles from the city, on railroad, all fenced; good improvements, flowing wells, running stream; ½ in alfalfa. A great bargain; non-resident owner. Terms to suit.

WE HAVE ALL KINDS OF CITY AND COUNTRY PROPERTY FOR SALE.

HUMPHREYS & RIGGIN, No. 20 South Spring Street.

PALMDALE COLONY.

ROUNDABOUT.

NOTES FROM SOUTHERN CALIFORNIA EXCHANGES.

Accidental Shooting at Santa Ana—An Interesting Budget from San Diego—Santa Monica Matters—A Swindle at Santa Ana.

[Pacific Blade, Feb. 17.]

Work on the Tustin City Hotel, which had been begun, has, like other outdoor work hereabout, been delayed by the weather.

For the first time this season snow appeared on the low mountains east of town on Tuesday morning. We are informed that this is a somewhat unusual occurrence.

Mrs. C. L. Mixer, wife of the superintendent of the California division of the Atchison, Topeka and Santa Fé Railroad, is stopping at Mrs. Scott's, in this place. She is here for her health.

Last Monday H. H. Roper sold his 120-acre ranch, situated 1½ mile west of town, to Jacob Willite, for $15,000.

The fire company will give a grand public ball on next Tuesday evening—Washington's birthday—at Spurgeon's hall, to which everybody is invited. Come out and give the boys a lift.

The final $1500 to be raised for the construction of the Modena, McPherson and Orange Railway has been guaranteed by Dr. Chubb, and work on the railway will now begin as soon as possible.

The bell for the fire company arrived yesterday. It weighs 466 pounds and we have no more devout wish than that the day when it shall be needed may be far distant. The fine silver badges recently purchased in New York for the company also arrived.

Yesterday, about noon, while Charlie Cheatam was engaged in washing a horse's sore eye, at Neill's stable, the animal reared. In attempting to get out of its way Cheatam fell so that the horse's hoof came down on his left arm and broke it. Some other injuries were also received by him, but they were of slight character. The bone was set by Dr. Lacy, and the patient is now doing as well as the nature of the break will permit.

We have scarcely been called upon to record a more painful circumstance than that which occurred at the residence of F. M. McDonald, in Bolsa, last Monday forenoon. At that time, three children of Mr. McDonald's family, one aged 6 years, another 4 years and the third an infant, were playing in a room by themselves, when a pistol report was heard coming from the room. Hurrying to the room, the parents were informed by the 4-year-old boy—whose name is Robert—that his brother—the 6-year-old boy—had shot the baby. An investigation, however, disclosed the fact that it was not the baby, but the 4-year-old Robert himself who had been shot by his brother. The weapon used was an old and rusty British bull-dog revolver of .44 revolver caliber, which had laid around the house for many years, and the ball passed below the left shoulder between a large artery and the left lung. Dr. Howe was called and probed the wound, tracing the course of the ball about four inches to a point where it struck the shoulder-blade; but he was unable to locate the position of the ball, which, he thinks, may have passed downward into the body from the shoulder-blade. At last accounts the little fellow was alive, but still in a precarious condition. So close were the two boys to each other at the time of the shooting that Robert's face was burned by the powder, and his clothes were set on fire.

SAN DIEGO.

Effects of the Storm—Narrow Escape.

[San Diego Union, Feb. 17.]

The bullet was yesterday extracted from the neck of Willis Wright, the young man shot several weeks ago by Jo. Williams. It was found to have reached and to be pressing upon the jugular vein, and that the constant abrasion by the rough edge of the bullet had almost cut into the vein. If this had happened, the charge against Williams might at once have been changed to murder. The doctors consider it a wonder that Wright survived. Williams is still in jail, awaiting Wright's ability to appear against him.

A man came to Officer Coats last night about 11 o'clock and informed him that a man standing near the railroad track, at L street, had been hit on the head with a piece of iron and robbed by two men, and offered to go back with him to find them. Marks of a struggle were discernible at the place pointed out, and an impression in the mud as if some one had laid down in it, but no robbers or robbed could be found.

The steamer City of Topeka brought 400,000 feet of railroad ties. She will be out about Friday.

Arthur May Knapp, the lecturer engaged to lecture on foreign travels by the Ladies' Historical Club, has arrived. The announcement of his first lecture has not yet been made.

As an evidence that San Diego is not "going back on herself," it is authoritatively stated that the Western Union Telegraph office in this city has done double the business so far this month that it did during the first half of January.

A report was generally circulated yesterday afternoon along the water front that a schooner had gone ashore above Point Loma and was beating her bottom out on the rocks. None of the vessels which came in last evening saw any wreck, and a pilot, who came in late in the afternoon, says he believes it to be untrue.

The gale of Monday afternoon and evening and the by no means insignificant gusts of yesterday morning, did little or no damage along the water front. No accidents to vessels are reported, with the exception of the destruction of several small boats which dragged their anchors and went ashore on the rocks of the railroad embankment, skirting the eastern side of the bay. The yacht Sea Gull got adrift, and, fouling with the steamship wharf, she went keel up, and had to be anchored in that position. The waves washed out some of the railroad bed on the northeast side of the bay, but not enough to stop trains. The damage has been repaired by the regular section hands. The bathhouses "staked out" near the steamship wharf were ruined, except for kindling-wood.

A few fences were blown down. The heavy railing around the roof of George D. Copeland's house was taken up bodily and shoved back three or four feet, and other small accidents happened, especially to new buildings. The rains have inflicted heavy damages upon the streets, not only in temporary softening and the consequent muddiness, but harm which it will require long to repair has been done. On Fifth street, from the top of the hill to B street, especially on the east side, there has been a large gully washed in the gutter, varying in depth from six inches to several feet. All streets running into Fifth on the hill have also large and deep washouts along the curbs. Sixth street, between A and B, is in bad condition. A ditch fully six feet deep has been gouged out of the east side, and in making its entrance into the B-street conduit the water from this ditch has washed the earth from underneath the culvert and runs in, leaving a large hole at the mouth of the culvert, and also destroying the approaches to the bridge on Sixth and B. Superintendent Wheeler yesterday made an inspection of the entire city, and he reports that the damage to streets alone, in the washing out of the gutters and the caving of fills, will amount to quite a sum of money.

The cars on the D-street line made no trips yesterday. It was found impossible to pass the curve at D and Atlantic streets, and above Fifth street the newly-made roadbed was so soft that the horses sank to their knees in the mud and could not gain foothold to draw the cars. There was a small washout on upper Fifth street, and the Florence Heights cars did not make full-distance trips. The H-street cars ran as usual.

HIS BAZOO.

Santa Ana Neatly Fleeced by a Fakir.

It appears that Los Angeles has not a monopoly on crooks. Santa Ana has suffered a visitation—probably from some of the "Forty thieves," whose operations in this city have been exposed by THE TIMES. The Santa Ana Blade says:

"In attempting to write of the gentleman who was with us last Friday, we know that we are dealing with a tender subject, and one which is full of heartache and woe for many of the citizens of this place. He had a prepossessing air, a still, small voice and a silk hat. He also had a taking way—taking all the cash which some residents had on hand at the moment. His was the old and captivating jewelry 'racket,' and he worked it successfully—quite successfully. You pay for the brass jewelry and you have a chance that your money will be returned in double or treble quantity. It is a kind of 'bread-on-the-water' scheme, and a number of men invested in his bread. Said he, 'Gentlemen, you invest on your own judgment, pay what you please for the chain, so that it is a dollar or more, but for every dollar you invest I tie a knot in your chain—so—and there you have a bazoo. Stand here, gentlemen, hold up your bazoos and await developments.'' Many invested, and there they stood, respectable citizens, responsible citizens, wealthy citizens, poor citizens, anti-gambling citizens, truly good citizens, intelligent citizens (ordinarily), good, bad and indifferent citizens, all together holding up their bazoos and awaiting developments and a double or treble return of their two, five, ten and twenty dollar bills. It was a good day for bazoos. It was also a good day for suckers, for when the guiless stranger had accumulated five or six hundred dollars from the crowd he—simply drove away and left our citizens with their little bazoos. Brethren, the old moral applies: Buck not the little game of the quiet and inoffensive stranger, for in a day and an hour when ye know not, the son of a gun will turn upon you, and rend you hip and thigh, and abduct your ducats, and your wife shall rise up and call you bald head and narrow escape and other things which are not in the Latin lexicon, and make life interesting for you. It is written. And yet another thing we would say: In all honesty, should not a town which permits no gambling within its limits also prevent these worst of sharks from worse than gambling on our streets? Consistency is said to be a jewel. Is there any consistency in preventing home gambling and yet allowing a worse cut-throat game than was ever committed in a den in Santa Ana to be openly perpetrated on a public thoroughfare? If there is a law of morality or decency which applies to the one case it applies also to the other. In both cases the victim takes his chances and—is taken in. The street jewelry cut-throat should be prohibited if the faro dealer is."

SANTA MONICA.

A Struggle for High License—General Notes.

[Santa Monica Outlook, Feb. 17.]

The Masquerade Ball, to be given for the benefit of the Santa Monica Cornet Band, will take place next Tuesday night, February 22d, at the Pavilion.

A gentleman, noticing the fine lay of the land back of Santa Monica, suggests that a trotting park in this vicinity would be the proper thing. What say the large land-holders?

Mr. Scott has had printed a special check on the First National Bank of Los Angeles, for the Hotel Arcadia, that is unique and tasty. We venture the assertion that it is the neatest check that passes over the counter of the bank.

Over a hundred guests are now at the Hotel Arcadia, and one could not find a more pleasant looking crowd in a thousand miles travel. They come from widely-different points of the compass, and represent the best people of their several communities.

There is a rumor afloat that M. L. Wicks, of Los Angeles, has purchased the ranch of John Wolfskill, located about four miles from Santa Monica. We hope this is true. Mr. Wicks is one of the livest real-estate men in the county, and his purchase means subdivision, and that in turn means a population and perhaps a railroad along the Cahuenga foothills to Santa Monica.

A petition, signed by quite a number of citizens of Santa Monica, has been presented to the trustees, asking the liquor license for this corporation to be placed at $600 per year, payable in advance. At a private conference the trustees agreed, three to two, to place the amount at $500. Since the above facts reached the ear of the public, a second petition is now in circulation, asking that the license be reduced. We have not seen this second petition, and are therefore not able to give its contents. A minimum amount is no doubt asked for. This question has stirred up considerable amount of feeling, and it will be impossible to settle it to the satisfaction of both sides. Those who favor a high license will not be satisfied with less than $500, and those who want a low license are generally opposed to fixing it even as high as $300. Here's a distinction with a decided difference.

SAN DIEGO BURGLED.

Clever Cracksmen Working the Bayonetclimate City.

[San Diego Sun, Feb. 17.]

Another jewelry store was burglarized last evening. J. A. Barclay, proprietor of the establishment on the corner of Sixth and E streets, locked his store at about 6 o'clock and went to the St. James Hotel for dinner. He was gone perhaps twenty minutes and when he returned found that burglars had taken advantage of his short absence to ply their nefarious vocation. A showcase on the left filled with diamond rings, pins, gold watches and chains had been rifled of over one thousand dollars' worth of valuables. It was evidently done very hastily, as many costly gems were passed over for trinkets of lesser value. A beautiful gold watch, thickly set with diamonds, was not overlooked, however. Just before leaving the burglar seized several gold bracelets, and throwing the empty cases upon the floor, made good his escape. The trays which had held the rings, watches and chains were left undisturbed in the showcase.

The burglar effected an entrance by smashing a window in a room adjoining and lowering the sash. He then used a jimmy to force open the door leading to the store. Beneath the window through which he entered were two chairs and over the backs of these some towels had been thrown. Big, muddy foot-prints were left on the towels and on the floor.

Mr. Barclay is of the opinion that a confederate was posted on the outside to give warning, if necessary. The numbers of the missing watches are all recorded, but the gems it would be difficult to identify. Three lamps were burning brightly and the window curtains were raised at the time.

This case is parallel with the one of Saturday evening, when at about the same hour T. M. Beeson's jewelry store, Fifth street, between G and H, was entered and its proprietor relieved of several hundred dollars' worth of worldly goods. It is suggested that it would be a wise precaution for dealers in merchandise so valuable to never leave it unguarded. Bold and experienced cracksmen had a hand in these robberies and will doubtless try it again.

People's Store.

Saturday's great sale of goods worthy of notice and inspection:

A sale of fifty dozen ladies and gents' fancy border silk handkerchiefs, very slightly imperfect; the entire line at the uniform price of 25c.; splendid goods, highly novel; same thing entirely new, neat and desirable.

Opened today, an elegant line of new jet-bead ornaments, passamentery and jet collars, cuffs, panels, fronts, collars, etc., received by express.

At 85c. we will sell today two pieces of all-silk rhadamas; these goods are cheap at $1.25. We only ask you to look at them.

A sale in dress goods that is phenomenal: All-wool gray and brown, mixed and plain dress goods, 50 inches wide (guaranteed measure), at 60c. a yard, that are sold here at 98c.; this is an opportunity you don't get every day; all colors; not a single piece or shade, but twenty pieces in all the known shades.

40-inch all-wool gray goods, newest and freshest spring stock at 45c. a yard, well worth 75c.

36-inch all-wool dress goods at 35c., all shades, twenty pieces as many colors; goods worth 60c. Double-fold all-wool English cashmeres 16⅔c. a yard; the best and cheapest goods in this market at 25c.

Dress patterns in combinations of plains and fancies, plains and stripes, 12 yards to the pattern, $1.50 a pattern.

In French kid shoes we are offering ladies special inducements at $2.75 and $3.50.

An elegant ladies' button C. kid or pebble goat button shoe, $1.50, worth $2.25.

Misses' spring-heel goat or kid shoes, $1.50.

Misses' school shoes, $1, $1.25, $1.50.

A special line of best children's and misses' goods, made Scotch-welt extension soles, $1.75.

A line of odds and ends in corsets, and slightly soiled in handling, but A 1 goods, 50c. a piece.

Ladies' full-finished superfine solid-color hose, spring shades, 25c., worth 50c.

Ladies' cashmere hose, finest fleece wool, 35c.

Boys' knee pants, 25c.

Ladies' 5-button kid glove, 50c., worth $1.25.

Don't miss the sale of silk handkerchiefs at 25c. apiece; they are under half price, and the latest thing out.

Curtain net, special values, 25c., worth 40c. People's Store.

Sunday Laziness.

As habitual tardiness at worship evinces either utter disregard for the proprieties and the intellectual and spiritual conditions of worship, for the clergy who officiate and those who are habitually punctual that they may not disturb others and may enjoy the entire service, and as expostulation is wholly unavailing with many Los Angeles people, notice is hereby given that tomorrow and thereafter the doors of the Church of the Unity (the Opera House) will be closed at 11 a.m., when the service begins. ELI FAY, Pastor.

The Renton, 712 Sutter st., San Francisco. First-class private family hotel. Location healthful and convenient. Mrs. Truesdell.

$950.

Cheapest lots in city; only four blocks from postoffice. Apply Graham, Taylor & Co.

Medical.

TWO FRIENDS MEET.

"Hello! old fellow. What have you been doing to yourself? You look like a subject for the undertaker," exclaimed the man on the right.

"I have been taking mercury and potash mixtures until they have nearly ruined me," squeaked the old man on crutches.

"And I," said the other, "have been taking the genuine Swift's Specific, which has built me up from the first dose."

SWIFT'S SPECIFIC.

Nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians, who inhabited a certain portion of Georgia, which was communicated to one of the early settlers, and thus the formula has been handed down to the present day. The demand has been increasing until a $100,000 laboratory is now necessary to supply the trade. A foreign demand has been created, and enlarged facilities will be necessary to meet it. This great

WM. G. COGSWELL, Proprietor.
Address, LAMANDA PARK P. O.

Medical.

California Remedies of Sarsfield Remedies Co.

Sarsfield's Remedy for the Blood and Constipation.

Sarsfield's Remedy for Diphtheria and Pneumonia.

Sarsfield's Chronic Ulcer Salve.

These remedies are well-known in Central and Northern California, and are now introduced in the southern counties. The MAKING OF CERTIFICATES has related so largely to fraud that the public has naturally grown suspicious of them. But those here referred to are by such prominent citizens, of such irreproachable character, and the cures are so well-known, and the witnesses are so easy to reach, that we make the references without any hesitation:

MRS. H. C. GOODRIDGE, 28 Hawthorne street, San Francisco, 9 years a sufferer from chronic ulcers, and her case abandoned by physicians, permanently cured. Certified to by Mrs. Sarah B. Cooper, the well-known philanthropist and president of the Kindergarten Association, San Francisco.

MRS. M. R. ADAMS, formerly of Sacramento, completely cured at the residence of her brother, Benjamin Welch, master car-builder of the Southern Pacific Company, Sacramento, of running sore on the arm of 8 years' standing, and that had nearly sapped her life.

W. S. DOAN, noted inventor of the steam wagon, Sacramento, 33 years of fever sores, cured in 40 days. Certified to by William Guttenberger, ex-City Trustee, Sacramento; Alex. Neilson, John Driscoll and H. G. F. Rood, proprietor of the Union Foundry, and others.

JAMES MCCORMICK, vice-president Bank of Redding, Shasta county, 8 years' suffering from worst character of rectal ulcer, permanently cured in 3½ months.

W. A. DEAN, brother-in-law of M. H. de Young, of the San Francisco Chronicle, cured of aggravated piles and fistula in five weeks.

REV. J. T. HUFF, Turner Station, Or. (refers to Rev. Dr. Frost, Sacramento), cured of BLOOD POISONING of many years by use of the BLOOD REMEDY and SALVE. His letter is a remarkably warm indorsement.

We are also permitted to refer to Hon. Ira G. Holtt, Superintendent of Public Instruction, Sacramento; L. A. Upson, Sacramento; A. D. Carvill, of Carvill Manufacturing Company, San Francisco; Judge George E. Williams, Placerville; Mr. and Mrs. Charles Lux (Lux & Miller), San Francisco; C. B. Corwin, 925 Market street, San Francisco, and a host of others as well known.

These cures have been made by the use of the BLOOD REMEDY and ULCER SALVE, which are HOUSEHOLD REMEDIES, etc., effective in impurities of the BLOOD and diseases of the LIVER and KIDNEYS, CHRONIC CONSTIPATION, PILES, FISTULAS, etc.

Manufactured and For Sale by the
SARSFIELD REMEDIES COMPANY,
115 EDDY STREET, SAN FRANCISCO, and by all reputable druggists. Price, $1 per bottle for the Blood Remedy and $1 and 50c. per box for the Salve, according to size.

Carriage Company.

CALKINS CARRIAGE COMPANY
CORNER LOS ANGELES AND ARCADIA STS.

—SOLE AGENTS FOR SOUTHERN CALIFORNIA FOR—

Abbott Buggy Co., Chicago, and their Steel-gear Buggy and Runabout Wagon,

PRICE OF THE ANNUALS.

The price of our Annual Trade Number of THE TIMES, containing twenty-six pages—more than a triple sheet—is 10 cents per single copy; 6 copies, 50 cents; 12 copies, $1; 50 copies, $3; 100 copies, $5. The price of the WEEKLY MIRROR, also issued January 1st, is the same. These papers are filled with valuable matter, good all the year through.

The postage on the daily or weekly trade copies is two cents.

POINTS OF THE MORNING'S NEWS.

Lynching expected in Napa county.... Florida jealous of Southern California.... Coroner's jury at San Francisco charge owners of bark Memnon with manslaughter Wright's Irrigation Bill unanimously passed by California Assembly....Injunction served on L. J. Rose's Santa Ana Water Company....Delayed mails reach San Francisco....Cohen's Stamp Bill passed by California Senate....Prohibitionists want P. T. Barnum for Presidential candidate....Fire near Boca ....Eads's Ship-railway Bill passed by the United States Senate....Smallpox on the Mexican border....San Francisco dynamiters in court....Justice Woods recovering....Right of way granted to Prescott and Arizona Central Railroad....Protest against reduction of duty on raisins.... Another falsehood about Gen. Grant denied....California asked to exhibit in Canada....Deep snow at Dutch Flat....A gale at Merced....Politics in Germany....San Diego's latest scheme....The new Anti-Mormon Bill ready for the President's signature....Maine fishermen petition for redress against Canada.

THE dynamiters, Stietes and Dean, have been brought into court.

THE Eads Ship-Railway Bill has passed the Senate—46 to 7. The stock is not to exceed $100,000,000.

THE smallpox is marching up through Mexico, moving on Uncle Sam's works. Quarantine guards, stand to your guns!

FLORIDA has a hot box over the huge and continued rush to Southern California. What is Florida going to do about it?

JUSTICE WOODS, of the United States Supreme Court, reports himself rapidly recovering under the influence of the climate of Southern California.

THE police are doing good work in camping on the trail of the large and organized gang of dangerous confidence robbers now infesting the city.

SIX FEET of snow at Dutch Flat, all the proceeds of one storm. The Northern Citrus Bilk of course includes Dutch Flat and the rest of Placer county.

THE Eastern visitor who has seen something of the ability of Southern California as a wetter-down, will now have a chance to note her equal agility as a driver-up.

THE tremendous storms in the North have played havoc with the telegraph wires, and telegraphic news is short and slow. The trouble will probably be remedied today.

THE Prohibitionists talk of throwing St. John overboard as a Presidential candidate in 1888, and substituting P. T. Barnum in his stead. They are evidently bound to have a circus or elect another Democrat—or do both.

IN a soberly, sensible article on the dynamiters, the staid Vallejo Chronicle drops this:

"Bomb-throwing's source is not the head, but heart, and that is moved by training in the nihilistic art."

Though not intended, the statement is both truth and poetry.

THE Oaklanders, while admitting that Los Angeles is a place

"Where every prospect pleases,"

pretend to believe that

"Only man is vile"

among the orange groves. This is where Oakland is "off." The truly-good of the land are assembled in Los Angeles, and they are mostly engaged in the real-estate business.

IT is said that the receipts of the dry goods house of Marshall Field & Co., in Chicago, are two millions of dollars greater than those of any railway corporation in America. The sales of the house are simply colossal in quantity. The profits counted upon are only about three or four per cent., but, as the goods are turned over once every three months, it will be seen that the annual profits are large. It is this great house that is about to establish a branch in Los Angeles.

The "Boston Company."

The interview with C. W. Smith, the able representative of the Atchison, Topeka and Santa Fé railway system, which was printed in yesterday's TIMES, attracted wide attention and general interest. The plain, strong and candid utterances of Mr. Smith relative to railroad affairs in Southern California, and the plans of his companies, throw a flood of light on the situation, and serve to show anew the incalculable advantages which railroad competition has brought to this coast country. Without the advent of this enlightened, powerful and progressive "Boston company," as it is called, Los Angeles and Southern California would now have been far behind the advanced point which they have attained in the race for the goal of greatness. It is not well for any country to be dependent upon a single main line of railway transportation. This is a truth which has been demonstrated in the case of Los Angeles. It is not well for either the country or the single line of railway; but in our case the single line has been amazingly slow to discover the truth. The coming of a second and competing line has wonderfully stimulated activity in all lines of business, and will have the effect of still further increasing settlement, development and production, and of vastly increasing the business of the transportation companies. Indeed, the work of development has only fairly begun in this the most promising field for human life and human endeavor in all this broad land of ours. The future has in store a measure of growth and greatness for this southern country of which we have now but a poor conception. And one of the great factors in our prosperity is the Atchison, Topeka and Santa Fé Railroad. It has come at an opportune time, and come to stay. Its presence does not mean the ruin or the injury of the pioneer line which preceded it on the plains and in the valleys and mountains of California. On the contrary, the old line will do more business than ever, because the business will be found to do, since the miserable and despotic and embargo-laying policy of imposing "all the traffic will bear" will now have to be abandoned by it, and, under the effective influence of healthy competition, a broader, more just, more liberal, and therefore a wiser policy, be substituted. All this will redound to the good of the country, which will then have a chance for its life.

Fields Offered by California to Woman.

There is one possibility in the life of this State which has never been generally considered, and one which is of peculiar value to that class of women who depend largely upon their own individual exertions for the means of livelihood. The climatic conditions of Southern California are such that an extensive out-of-door life is a natural thing to seek. The temperature is almost unvaryingly pleasant. Oppressive heat and extreme cold are not factors of the climate. The summers are rainless and the atmosphere free from chill and dampness. A life out of doors tends to health. There are not the drawbacks to be found elsewhere to out-of-door employments. California, then, offers opportunities to women for various kinds of business under more favorable conditions than can be found in any other State.

In Iowa—the land of blizzards and extreme winter cold—it is stated that there are over one hundred women who own farms and make farming a successful occupation. Their farm duties are not neglected in the midst of the sultry heats of summer nor during the extreme cold of winter.

If successful farming be a possibility for women in that State, how much more may it be so here for the women of business enterprise, where every climatic condition is in favor of her success.

Among the specialties in ranch life in this State, peculiarly adapted to women, may be mentioned the following:

First, poultry raising may be made profitable if the business is wisely conducted and proper attention is given to the care of the fowls. On a farm, where the birds can run at large, and where they are not too closely housed, they are usually healthy, and attend diligently to the business of supplying the egg market, which is never overstocked—the demand always exceeding the supply. It is a good business, and one which can easily be conducted by a woman of enterprise with profit to herself and without overfatigue.

Vegetable gardening is another field where success may be secured by a woman with a family. To be sure, this comes in competition, particularly in our larger towns and cities, with Chinese labor, but beyond question this obstacle could be surmounted, for the vegetables carefully grown and put upon the market in a clean and inviting condition, would be given the preference over those received from the heathen, who now so largely monopolize the business.

Bee culture offers still another field for operation to the woman in search of something to do to provide for herself and little ones. Southern California is the paradise for this industry. In good years there is scarcely any limit to bee food. Foothills, mountains and plains are covered with the plants and flowers from which this busy little worker extracts its sweets, and no better honey can be found anywhere in the world than that supplied by Southern California.

Flower culture is still another delightful field wherein woman may work and realize her reward. There are ladies in the State who receive handsome returns from this business, who send abroad their bulbs and seeds, sell their flowers and plants and handle their hundreds of dollars of income yearly. It is a pleasant and refined occupation for the woman of culture, and one from which she may not only derive pecuniary profit but an elevated enjoyment.

Silk culture is an occupation to which our climate is peculiarly favorable and to which much encouragement is being extended by organized associations. The work is still in its infancy, but there is no reason why it should not become one of our prominent industries. Not only the master but the children may find work in this department of industry, with a ready market provided for all that they have to sell.

There are women in Los Angeles county who a few years ago came here penniless, and with families of small children dependent upon them, who, from the proceeds of their own out-of-door labors, aided by that of their children, have bought themselves pleasant homes, and from the products of a few acres are able to supply all of their family necessities. There are others who have realized a comfortable income from poultry raising, and who regard this business as a great aid to securing a reliable bank account.

"It requires a good deal of care and patience, but still it pays," said one lady to the writer, who had been in the business two or three years, and with the most satisfactory results.

The sum of our experience is this: Whatever a woman can do in farming elsewhere she can do *far more* successfully in California, on account of the fewer drawbacks and obstacles that she has to contend with here. There are also wider fields for active industries in Southern California, which promise more liberal returns than can be found in other sections of the country where the climate is more rigorous and the soil less fertile.

Is this sort of thing going to be kept up indefinitely? We read in the New York World:

Gen. Sheridan has met the enemy and he is hers. At the last White House reception he inadvertently trod on a Southern woman's train. Turning to apologize, he was met with the sweetest of smiles, until her companion whispered in her ear. "That is Gen. Sheridan." The smile left her face, her dark eyes blazed and she exclaimed, "This is not the first time you have trampled on me, sir." For the first time on record gallant "Phil" beat a hasty retreat.

At the latest advices from the scene of conflict the Southern woman was reported feeling better, and the solid South was a little more solid than ever.

AMUSEMENTS.

THE CARLETON OPERA COMPANY.—The evergreen *Mikado* was a sufficiently-strong attraction to draw a densely-packed house last night, and the performance went with the smoothness and precision which is characteristic of this company. Miss Fanny Rice makes a most fascinating "Yum-Yum," and Miss Alice Vincent won much applause for her arch rendering of "Pitti-Sing." Miss Clara Wisdom is the only "Katisha" that has been seen here who has had the courage to make up correctly for the part. The sacrifice of feminine loveliness which this demands is usually too much for the actress to undertake; but Miss Wisdom assumes it heroically, and makes a most decided hit. Mr. Carleton, in the comparatively-small part of "The Mikado," invests it with a good deal of characteristic detail, and makes a strong character out of material which, in other hands, has usually fallen somewhat insipidly before the audience. His accent and his by-play are excellent studies. The "Ko-Ko" of Charles H. Drew is the best thing he has given us here; and it was enthusiastically appreciated by the audience, and none the less for the fact that the part was rendered without any of the coarse interpolations with which some actors have disfigured it. Mr. Drew is an artist and does not try to improve upon the text. His conception of the absurd character of "Ko-Ko" is carried out with great consistency and well-assumed gravity. He never for a moment acts as if his part was in any way ludicrous, and, of course, he thus becomes very funny. In his principal scene with "Katisha" he gives evidence of considerable dramatic force and passion, making it highly probable that if he had been endowed with a heavier physique he might have become an able exponent of the tragic muse.

The rest of the characters were very fairly taken, and the choruses were exceedingly well rendered. The engagement closes tonight with *Erminie*. The opera for the matinée today is *Nanon*.

Newspaper Mortality.

[Florida Times-Union.]

Statistics show that with the great majority of newspapers started to "fill a long-felt want," the first birthday is also the last. Of the five newspapers that have been "consolidated" into our own as the result of that "struggle for existence" in which the weakest go to the wall, while the fittest survive, all of them had managed to worry along for more than a year. The Sun lived upward of a year and was then consolidated with the Press. The Sun and Press lived two years and was then swallowed by the Union. The Union maintained a feeble existence for upward of four years. All these and several more now repose peacefully in the broad bosom of the Times-Union.

The truth is that it is not in the first year, as a rule, that the real pinch comes. The second year sees credit with the paper mills exhausted, long-postponed notes maturing, and friends tired of helping bear the burdens of a summer that lasts, as far as its burdens are concerned, all the year round. Increasing doses of plate matter prolong the malady for a time, but at last an interview with the sheriff ends the strange, eventful history.

She Floated the Old Flag.

[New York Herald.]

The ocean coursers entering this port are nearly all foreign craft, and the sight of a transatlantic steamer with the Stars and Stripes floating at her peak is an unusual occurrence. When the steamer Illinois, which now belongs to the Red Star Line, came in from Antwerp the other day the sight of the old flag roused the enthusiasm of ferry passengers to Staten Island to such a pitch that cheers went up from the men on the boats, while the ladies waved their handkerchiefs.

The Illinois was built in Philadelphia in 1873 and has been in continuous service for thirteen years, and is now one of the stanchest vessels entering this port.

THE POSTOFFICE.

An Enormous Mail—More Mails for Santa Monica, Etc.

The largest mail ever seen in Los Angeles was being "worked" in the postoffice yesterday, from 6 a.m. onward. The hard-worked clerks, at all times taxed beyond their power, had a fearful wrestle of it. There were *over 50,000 letters and nearly 80 huge sacks of papers!* Thanks to the thorough system under which the office works, the letter mail was distributed before night. It will probably be three or four days before the mountain of paper mail can be got through with.

The mails all came in on time yesterday, except the Tulare local from the north, which was detained seven hours by a washout.

On and after Monday Santa Monica will get two meals a day—a convenience to which the growing seaside city is fully entitled.

Beginning today, the postoffice here will pouch on the mail clerks every morning for local points east, besides sending out a regular mail in the afternoon. This will give two mails a day from here to San Gabriel, Pomona, Riverside, San Bernardino, etc.

The Courts.

In Judge Cheney's court, Ah Charley declared he was innocent of crime, George Dietrich declared to be guilty of manslaughter by a jury, and David Dillon was found not guilty of grand larceny.

In Justice Taney's court, D. Lynch appeared on charge of battery, and was allowed to go on his own recognizance. The hearing of James Robinson's case was set for February 28th; E. Abrams, set for March 3d. William Brodt, charged with petit larceny, was found guilty and fined $5. William Vitteo, on same charge, was continued to March 3d.

Justice Austin dismissed both charges of obtaining money under false pretenses against Paul Clements. John Mason was held to answer to the charge of burglary; bail $500. Thomas Miller, petit larceny, found guilty and given six months in the County Jail. Thomas Miller, under the same charge, was found guilty and fined $180. Owen McDermott, for burglary, case continued to March 5th. Tsoy Yak, being heard.

Gelcich Relief Corps.

This flourishing lodge of the Ladies' Relief Corps gave an interesting programme at their hall in East Los Angeles last night, and though laboring under some disadvantage, succeeded in pleasing the crowded house. Several persons failed to respond when called on, but altogether the exercises were ample and every one was happy. Songs, recitations and characterizations made up the formal programme. Of these the novel features were a tambourine dance by Rena Noel, a guitar and harmonica duet by Mr. Wiser and a comic song or two by Mr. Lyons. After the musical part lunch and dancing followed till a late hour.

The organization has not been in existence quite a year. They are working to equip the G. A. R. Drum Corps, and desire to increase the membership.

The Temperance Cause.

Col. Woodford made another temperance address last evening to a moderate-sized audience at the Fort-street Methodist Church. His text was, "Look not upon the wine when it is red," which he enforced in his usual strong style. He speaks tomorrow night, Sunday night and Monday night in the Congregational Church, corner of Hill and Third streets. For tomorrow night the subject is, "Work, Wages and Whisky." The lecturer is especially desirous of having a general attendance of the breadwinners and wageworkers on this occasion, as well as of thinkers in all departments of life.

St. Vincent's Church.

The arrangements making for the dedication of the new St. Vincent's Church tomorrow morning promise a most interesting occasion. Prof. Knell will have charge of the music. The orchestra will include the Heine Quartet, Prof. Lenzberg and Mr. Foxley. The choir—consisting of Mrs. O. W. Childs, soprano; Mrs. J. J. Schallert, contralto; G. T. Stamer, tenor; and J. J. Schallert, basso—will sing portions of Haydn's Third and Sixteenth Masses. The exercises begin at 9:30 a.m.

Disastrous Cave.

The weight of wet earth soaked by storm water from the house above caused the upper wall of Mrs. Crocker's stable, just below her fine residence at the head of Third street, to cave in. Three fine carriages, one of which cost $300, which stood inside, were absolutely obliterated, only two wheels being left. A Chinaman who slept in the building had a very narrow escape with his life. The damage to the building is about $800 and to the carriages $600 more.

"Kansas Kid."

C. H. Franklin, alias Kansas Kid, who was arrested here for a big burglary in Reno, and released by the Superior Court on a writ of habeas corpus, keeps himself scarce. He had some money ($4.50) and letters at the police office, and yesterday sent his "wife" for them, with a polite note. They were given to her. The woman is said to have been an employé of the Club Theater some years ago. The Kid is believed to be out of the city.

A Chance Yet.

The case of Tsoy Yuk, the 13-year-old Chinese girl taken from a Chinese house of ill fame by the constables, will go on again this morning at 9 o'clock before Justice Austin. It was feared at first the effort to save the girl from a degraded life would be in vain, on account of legal loopholes, but the thing looks a little brighter now, and it is believed evidence now secured will save her from the clutches of the Chinaman who bought her.

Sensitive Sands.

John Sands was arrested Thursday evening on Alameda street by Officer Lynch, as noted in yesterday's TIMES. He resisted the officer and was clubbed over the head to bring him to submission, his scalp being cut thereby. He has sworn out a warrant before Justice Taney charging Lynch with battery. Lynch was arrested and allowed to go on his own recognizance.

For Grand Larceny.

Deputy Constable Alexander went to San Bernardino Thursday night, and returned yesterday, bringing Ruby Austin and Dela Kentry on a warrant sworn out by Myrtle McDonald, charging them with grand larceny. They were arraigned before Justice Austin, and put up $40 each. All the parties in the case are fallen women.

A Disgraceful Case.

A diminutive attorney named Crawford, who has given the police authorities infinite trouble by unprofessional conduct, appeared in Judge Cheney's court yesterday as counsel for a prisoner who was about to be tried. Crawford was so intoxicated that in justice to the prisoner Judge Cheney appointed other counsel for the defense.

C. C. C.

The California Coöperative Colony will hold a very important meeting this evening at 7 o'clock, in Good Templars' Hall, 108 North Main street. Reports from committees will be heard and final action taken on the bylaws. Stockholders and all others who feel an interest in coöperation are cordially invited to attend.

EASTERN EVENTS.

Maine's Fishermen Urging the Government

To Make Things Warm for the Canadian Cod-catchers.

The Anti-Mormon Bill Ready for the President's Signature.

Florida Becoming Alarmed at the Increasing Popularity of Southern California—An Old Lie About Gen. Grant Nailed—Eads's Scheme Gets a Big Lift.

By Telegraph to The Times.

WASHINGTON, Feb. 18.—[By the Associated Press.] The resolution of the Maine Legislature was laid before the Senate today, in regard to trade relations with Canada. It was laid on the table. The preamble states that the Dominion government has placed such interpretation on existing treaties as to abridge greatly the rights and privileges of American fishermen in Canadian waters, and that their treatment has been in violation of the principles of courtesy and good neighborhood. The resolutions favor the enactment of such laws and the adoption of such relations on the part of the American government, and the strict enforcement of the same, as will place Canadian fishermen under the same interdictions as American fishermen are subject to in Canadian waters; and also that such increased duty be levied on fish from Canada as to practically exclude Canadian fishermen from the advantages of American markets.

THE NEW ANTI-MORMON LAW.

Mr. Edmunds presented the conference report on the Utah Polygamy Bill in the Senate today, in the shape of a substitute for both the Senate and House bills, and it was agreed to—37 to 18. The bill now goes to the President. The first six sections of the bill apply to prosecutions for bigamy, adultery, etc., and make the wife or husband a competent witness, but they are not to be compelled to testify. The seventh and eighth sections apply to the powers of court commissioners and of the marshal and deputy marshals. The ninth and tenth sections apply to the marriage ceremony. They require a certificate properly authenticated, and that it be recorded in the office of the probate court.

The eleventh section disapproves and annuls all Territorial laws recognizing the capacity of illegitimate children to inherit or to be entitled to any distributive share in the estates of their fathers. The twelfth section disapproves and annuls Territorial laws conferring jurisdiction upon the probate ocourt (with certain exceptions). The thirteenth section makes it the duty of the Attorney-General of the United States to institute proceedings to escheat to the United States the property of corporations obtained or held in violation of section 3 of the act of July 1882. The proceed of such escheat are to be applied to the use and benefit of the common schools in the Territory. The fifteenth section disapproves and annuls all laws of the Legislature creating or continuing the perpetetual immigration fund and dissolves that corporation.

The sixteenth section directs proceedings for the disposition of property and assets of the migrating fund company. All such property in excess of debts and lawful claims is to escheat to the United States for the benefit of the common schools in the Territory. The seventeenth section disapproves and annuls the acts of the Legislative Assembly, incorporating or providing for the Church of Jesus Christ of Latter Day Saints, and dissolves that corporation. It makes it the duty of the Attorney-General of the United States to institute legal proceedings to wind up the affairs of the corporation.

The eighteenth section makes provision as to endowment of widows, who are to have one-third of income of estates as their dower.

THE DUTY ON RAISINS.

Senator Williams presented to the Senate yesterday a petition of the Board of Trade of San Francisco, urging Congress to vote against any reduction of the duty on raisins.

RIGHT OF WAY GRANTED.

The House has passed the bill granting a right of way to the Prescott and Arizona Central Railway Company across Whipple Barracks military reservation in Arizona.

JUSTICE WOODS RECOVERING.

Justice Woods, of the United States Supreme Court, writes to a friend that his complaint is rapidly yielding to the mildness of the Southern California climate and that his general health is better than for several years past. He will not return to Washington until some time next autumn.

FLORIDA'S FEARS.

The Land of Alligators Getting Jealous of California.

SAN FRANCISCO, Feb. 18.—[By the Associated Press.] Samuel J. Bridges, well known here as the former Appraiser-General of this port and donor of the Bridges school medal fund, writes to a friend in this city concerning the great alarm prevailing in Florida, where he is now sojourning, over the loss of Northern patronage growing out of the superior attractions of California for Eastern tourists. Gen. Bridges says: "The people of Florida are at present greatly exercised by the rush of tourists to California. All the newspapers in Florida are discussing the matter. We had very cold weather in December, the thermometer going to 25°, and there was great alarm about the orange crop. Another freeze like that of last year would have given Florida a black eye, and the boom of her worthless lands would be nowhere. Tourists from the North and Northwest have gone to Southern California, the San Gabriel Valley, the Garden of Eden, and they will keep on going there."

A BIT OF HISTORY.

How Gen. Grant Declined a Democratic Nomination.

CHICAGO, Feb. 18.—[By the Associated Press.] The Tribune's Springfield (Ill.) special says: "Representative Collins has a letter which forms a complete answer to those persons who during Gen. Grant's life charged that he tried to obtain the Democratic nomination for President which Gen. McClellan received in 1864. Very late in 1863 Hon. I. N. Morris, then Democratic Congressman, wrote to Grant who was at Nashville planning Sherman's march to the sea, asking permission to use his talismanic name as a candidate for the Democratic nomination, and in due time received the reply which Mr. Morris's son recently found among his father's old papers. In the letter, after referring to the fact that he had received numerous hints of the same character, Gen. Grant says: 'In your letter you say that I have it in my power to be the next President. This is the last thing in the world I desire. I would regard such a consummation as being highly unfortunate for myself if not for the country. Through providence I have attained to more than I ever hoped, and with the position I now hold in the regular army, if allowed to retain it, I will be more than satisfied. I scarcely know an inducement that could be held out to me to accept office, and I unhesitatingly say that I shall indefinitely prefer my present position to that of any civil office within the gift of the people. This is a private letter to you not intended for others to see.'"

THE EADS SCHEME.

His Ship-railway Bill Passed by the Senate.

WASHINGTON, Feb. 18.—[By the Associated Press.] The Senate yesterday resumed consideration of the bill for the construction of a railroad across the Isthmus of Tehauntepec. It recites that the government of Mexico has granted to Capt. Eads a concession for the construction and operation of a ship-railway across the Isthmus of Tehauntepec, and has authorized him and his associates to obtain a charter either in Mexico or elsewhere. It, therefore, incorporates James B. Eads and some eighty other persons named as a body politic, under the name and title of the "Atlantic and Pacific Ship-railway Company." The stock is not to exceed $100,000,000, and when 10 per cent. of its stock is subscribed for, and 10 per cent. paid thereon in cash, a meeting of stockholders is to be held in Washington or New York for the election of directors. If $10,000,000 of the stock is not subscribed, or 10 per cent. in cash paid thereon within two years, the charter is to expire by limitation. An amendment was agreed to that no bonds shall be authorized or issued until the paid-in capital shall amount to $5,000,000, instead of $10,000,000. The bill as thus amended was passed—yeas 46, nays 7.

The nays were Edmunds, Jones of Arkansas, Morrill, Platt, Vance, Van Wyck and Wilson of Iowa.

GERMAN POLITICS.

Bismarck Bound to Capture the Next Reichstag.

NEW YORK, Feb. 18.—[By the Associated Press.] The Post's Berlin dispatch says: "Preparations for the elections show the surprising fact that the workingmen, especially the Social Democrats, everywhere indorse the German Liberal candidates, with the probable effect of electing those favorable to the septennate. On the other hand the reaction against Cardinal Jacobini's letter gains force, and protests are arising against the Pope's interfering in German local politics. A third paper manifesto is now expected, which, if it comes, will prove the utter uselessness of the other two."

BERLIN, Feb. 18.—[By Cable.] The North German Gazette, Prince Bismarck's organ, says that the Reichstag will be again dissolved unless the government secures a majority in the coming elections.

The Showman for President.

SAN FRANCISCO, Feb. 18.—The Call's New York special says: "The Prohibitionists continue to think they have a political organization and right to existence and recognition. Consequently they talk about the campaign of 1888 as though they were to be a factor in it in some way or another. St. John will probably be thrown overboard as candidate for President when the battle of ballots is again to be fought. The leaders in the movement here are canvassing to try and and find some available material hereabouts, and up in New England there seems to be a disposition to try and make P. T. Barnum stand as a candidate."

California Asked to Exhibit.

SAN FRANCISCO, Feb. 18.—A communication from Bernard Saunders, director of the Industrial Exhibition Association of Toronto, Canada, has been received by the California Wine Growers' Association, requesting the latter body to make a fall exhibit of California products at the fair held annually by the Toronto association. He states: "From our Toronto fair you could send the exhibit to Ontario, to the principal fair kept up by the government of Ontario, and then to the Dominion fair, sustained by the Dominion government. Each fair follows the other."

Wrangling Water Companies.

SAN BUENAVENTUTA, Feb. 18.—The Santa Ana Water Company served an injunction yesterday on the new water company, of which Senator L. J. Rose is the head, restraining it from further prosecution of work. The writ alleges trespass, etc. Some of Rose's workmen were charged with disobeying the order by continuing work after the service of the writ, but upon examination were discharged. It is expected that serious litigation will grow out of the matter.

Fire Near Boca.

BOCA, Feb. 18.—The dwelling and boarding house of the Mountain Ice Company, at Cuba, near Boca, was destroyed by fire yesterday. The cause is unknown. The fire started in the upper story of the dwelling. John Nagle, the foreman, who lives in the dwelling lost all his goods, valued at $1200. The company's property is fully insured.

Smallpox.

SAN FRANCISCO, Feb. 18.—A San Franciscan who has just returned from a business trip through Mexico states that smallpox is working its way northward into United States territory. He says that the disease exists more or less in all towns on the line of the railway between Guaymas and Nogales, Ariz.

Cooper's Case

A. A. Cooper got very drunk last night, and attacked a citizen on First street, getting badly whipped. He went off and sold his watch, buying a revolver with the proceeds, and went back to shoot his demolisher. The demolisher got wind of it, swore out a warrant before Justice Austin, and Cooper was arrested by Officer Jackson, and locked up for carrying concealed weapons.

Mrs. Astor's Economic Turn.

[Indianapolis Journal.]

Mrs. William Waldorf Astor, the handsomest member of the Astor family, has piqued fashionable curiosity and startled social conventionality many times—not by anything reprehensible, but by doing things new and strange. She was to be Tom Howard's partner in leading the cotillon at the last Patriarch's ball. Rumor had run wild as to the wardrobe which she had brought from Paris, and expectation was positively maniacal over the question of what she would wear on this occasion. It must first be impressed upon the reader that the leader of a cotillon at one of these swell balls is thereby a hero, if he does well, and that his partner is correspondingly a heroine. It was natural to conceive, therefore, that young Mrs. Astor would be gowned and jeweled beyond precedent. But the quiver of anticipation gave way to the numbness of paralyzing amazement when she swept into the hall. Was she so resplendent? Not at all. Her dress was composed entirely of white tulle, the entire material for the garment having cost no more than $5, and not an atom of jewelry was visible. How was that for a joke?

Santa Barbara's Potts.

[Press.]

Don José Gutierrez, the weather prophet, has predicted fourteen inches of rain for this season. People acquainted with the Don's record as a weather prophet will place great confidence in this statement, as his predictions, as a rule, and not an exception, have proved true in the past seasons since his pretentions in this line have become known to the public.

STATE CAPITAL.

The Senate Strikes a Blow at Socalism

By Passing Vrooman's Dynamite Bill by Unanimous Vote.

Wright's Irrigation Bill Goes Through the Assembly with a Rush.

Cohen's Stamp Bill to Prevent Adulteration of Wines Adopted by the Senate—Debate in the Assembly Over the Proposal to Buy Bancroft's Library.

By Telegraph to The Times.

Senate.

SACRAMENTO, Feb. 18.—[By the Associated Press.] The Senate met at 10 o'clock.

Mr. Clunie's Anti-compact Insurance Bill came up on motion to reconsider the vote whereby the enacting clause was stricken out.

A motion to reconsider was lost by a vote of 15 to 23.

Mr. Vrooman's Dynamite Bill was passed by a unanimous vote.

Mr. Cohen's stamp act came up for final passage this afternoon, when Mr. Crandall moved to recommend the bill for an amendment to exclude viticultural and agricultural products and lumber products from the operation of the act.

Mr. Rose opposed the exception of these articles. As for wines, the best part of our products is sold under foreign labels. To compel our best wines to be sold under domestic labels would help the wine interests. The bill strikes at the root of adulteration.

The motion to recommit was lost, and the bill was finally passed by a vote of 25 to 13.

Mr. Vrooman changed his vote and gave notice of a motion to reconsider.

The bill to repeal section 1423 of the Civil Code came up on third reading. The bill repeals the section, which says: "Provided that the repeal of this section shall not in any way interfere with rights already vested."

Mr. Langford thought that the passage of the bill would put all waters of the State in the hands of the appropriators.

Mr. Dray thought it was a question whether it was not in favor of monopoly to repeal the section. The extreme heads of streams can be appropriated under the repeal. The bill is not in the interest of the people of the State.

Mr. White was astonished at Mr. Dray's remarks. It is absurd that a person can take away the rights of a riparian by appropriating the heads of streams. Every riparian has his rights preserved. Every one who says that appropriators are monopolists exhibits dense ignorance. The repeal is to enable us to appropriate small streams in the mountains without being restricted by the owners of the barren sides of hills.

The bill was passed by a vote of 28 to 10, as follows:

Yeas—Abbott, Boggs, Bowers, Briceland, Byrnes, Caminetti, Clunie, Crummens, Gesford, Goucher, Hall, Jones, Lenahan, McCarthy, McCudden, McDonald, Meaney, Moffitt, Murphy, Patterson, Pinder, Rose, Roth, Spellaly, Sullivan, Walroth, White, Yell—28.

Nays — Chandler, Conklin, Crandall, Dixon, Dray, Haynes, Henshaw, Langford, Sargent, Steele—10.

The Committee on City and Town Governments reported favorably the bill relating to the incorporation of Santa Barbara, and also Mr. Moffit's bill for the organization of the county of San Leandro.

At the evening session a large number of bills were read a first or second time.

Mr. Caminetti's bill providing for compensation of $7 per day to fish commissioners, came up on motion to strike out the enacting clause.

"There are many gentlemen of high standing who are willing to take office without pay," Mr. Clunie said. "Better men can be secured without compensation than can be secured with pay."

The enacting clause was stricken out.

The bill providing for inspectors of boilers was read for a first time.

Mr. Wright's Assembly Irrigation Bill was read a first time.

When the bill to appropriate $250,000 for the Bancroft library was read a first time Mr. Clunie moved to strike out the enacting clause on the ground that there were so many other large appropriations to be made that it was not advisable to purchase this library at this time.

Mr. Murphy made a speech in behalf of the bill, stating that he had in his possession requests from the most noted men in the State that the bill be passed. He urged it in the interest of education and intelligence, claiming that the greatest danger which menances us is ignorance within our borders and not force from without. He then read the opinions of competent men as to the great value of the library to the State.

Mr. Briceland wanted a chance to discuss the measure at length, and asked that for that purpose the enacting clause be not stricken out.

Mr. Boggs was of the same opinion.

Mr. Rose thought that the State had not money enough for this.

Mr. Vrooman did not think the enacting clause should be stricken out. He thought an opportunity should be given to see if a satisfactory price cannot be agreed upon.

The Senate refused to strike out the enacting clause, and the bill was read for a first time.

Adjourned.

Assembly.

SACRAMENTO, Feb. 18.—In the Assembly the following changes in the rules proposed by Mr. Brierly were adopted: Business on the general file to be taken up in the following order: At the morning session, bills on second reading; at the afternoon session, bills on first reading; at the evening session, bills on third reading. Recesses shall be taken from 12:30 p.m. to 2 p.m., and from 6 p.m. to 7:30 p.m.

A message was received from the Governor stating that he had signed the bill appropriating $25,000 for a contingent fund of the Assembly.

Mr. Wright's bill No. 12, providing for the formation and control of water districts was passed by a vote of 65 yeas without a single negative vote.

The bill relating to the sophistication and adulteration of wine was made the special order for Wednesday.

Mr. Regan's Boiler Inspector Bill was taken up out of order and read the second time. It caused a great deal of discussion, many of the country members expressing opposition to it. An amendment by Mr. Heath giving an inspector to each county in the State was adopted—36 to 30. The object of this amendment was that the San Francisco or other district inspectors might not have power to inconvenience farmers in connection with their thrashing engines.

On motion of Mr. Carr the words "steam tanks and all steam generating apparatus used under greater than atmospheric pressure" were stricken out from the clause stating what the inspector shall inspect.

W. A. Brown moved to also strike out "steam boilers," but this, after much debate, was lost—31 yeas to 37 nays.

An amendment by Mr. Lewis that an inspector shall be a first class journeyman boiler-maker was lost.

Section 2, providing for the appointment of deputies, was stricken out.

An amendment by Cooley that an inspector be appointed for each Assembly District was voted down.

The bill was then referred back to the Committee on Labor and Capital for further changes.

PERSONAL NEWS.

Sheriff James C. Kayes is back from a business trip to San Francisco.

William Alvord, president of the Bank of California, San Francisco, is at the Nadeau.

Mrs. Wakelee and her charming daughter Louise, of Long Beach, were in the city yesterday.

C. M. Keeny, secretary of the Pacific Rolling Mills, of San Francisco, is in town, up from San Diego.

Gen. Armstrong, an inspector under the Indian Bureau, and a prominent man in Washington, is in the city.

C. B. Scott, of Gaylord, Kan., is now on a visit to his brother, J. W. Scott, of the Hotel Arcadia, Santa Monica.

William Murray, general western passenger agent of the Illinois Central Railroad, went to San Francisco yesterday.

Pullman passengers for San Francisco: O. H. Pray, S. Good, L. Chamberlain, S. W. Cole, W. J. Broach, L. Bishop, A. Russell

O. A. Pray, a prominent manufacturer of Minneapolis, has been in the city several days and left last evening for San Francisco.

Miss Fannie Winbigler goes to Los Angeles today for a visit of two or three weeks' duration.—[Santa Ana Blade, 17th.

Dr. D. W. Hand, of St. Paul, Minn., one of the eminent physicians of the Northwest, accompanied by his family, is a guest at the Bellevue Terrace.

THE TIMES enjoyed a pleasant call last evening from A. Richardson, the genial and able Coast agent of the Associated Press. He returns to San Francisco this evening.

Charles Pearson, for a long time associated with the Baldwin Hotel, San Francisco, and also well known in Los Angeles, as former proprietor of the Palace Restaurant, is now the general manager of the Hotel Arcadia.—[Santa Monica Outlook.

Dr. Henry D. Didama, of Syracuse, N. Y., accompanied by his wife and by his son-in-law and daughter, Mr. and Mrs. William D. Niven, arrived in Los Angeles Thursday, after a two weeks' sojourn in Riverside and San Diego. Dr. Didama is one of the most distinguished of the medical men of the Empire State. He has been president of the New York Medical Society, was the first president of the New York Medical Association, and now, in addition to a practice which is only limited by his time, is professor of the theory and practice of medicine in the Syracuse University. The doctor is an uncle of Mrs. H. Z. Osborne, of this city. He and his party are stopping at the Bellevue Terrace.—[Express.

BRIEFS.

The Hotel Arcadia at Santa Monica is full to runnnig over.

Dr. R. M. Lackey, of Chicago, arrived in Los Angeles yesterday.

The Eureka sails north today, and the Santa Rosa south tomorrow.

The postoffice folks expect to be in their new quarters next Saturday.

The Grand Army committees meet at Capt. Barrett's office at 7 this evening.

The crossings at Sainsevain and Alameda streets are reported in a very bad condition.

The East Side Champion, the new East Los Angeles weekly, issues its first number today.

The proceeds of the Charity Ball will net between seven hundred and eight hundred dollars.

Excavation has begun on the Hansen and Rowen building next east of the new Times Building.

Rev. Eli Fay, D.D., will shortly issue, in phamphlet form, an epitome of Unitarian principles.

A special train was run from Santa Monica last night, to enable the seasiders to attend the theater.

There was stolen from St. Vincent's College a large black cloth overcoat with a velvet collar yesterday.

C. M. Keeny and wife, S. P. Martin, G. W. McCurdy, San Francisco; F. C. and Miss Armstrong, Washington, are in the city.

Adelaide Lyons, 32 Wilmington street, aged 10 years, large of her age, fair hair and complexion, is lost. Any one finding her please send her home C. O. D., if found.

East Los Angeles wants one of the new fire engines. There is an enormous territory there, containing many hundreds of houses, almost entirely unprotected by fire.

David Dillon, on trial before Judge Cheney for grand larceny, stealing a horse from a newsboy, C. N. Brown, December 12, 1886, was acquitted by a jury yesterday afternoon.

John Mason, that extremely astute gentleman who removed an overcoat from the Clifton House several days ago, has been held to answer to the charge of burglary under bail of $500.

The San Diego Sun states that the Union was in error when it stated that the San Diego agency in this city was to be discontinued. The agent here requests this correction to be made by THE TIMES.

John D. Strong, St. Joseph, Mo.; John Brooks and wife, Dayton, O.; F.O.Wyman, Toledo, O.; Leon F. Moss and wife, McCook, Neb.; J. G. Davis and N. C. Durgin, Galion, O., are at the Natick House.

The ladies in charge of the Free Kindergarten will give an extremely interesting entertainment on the 25th in Turnverein Hall. It is entitled "The Cradle Songs of Many Nations." These songs will be sung in accurate costume.

Josef Guinnocchio, an Italian, got into a fight with P. Fitsjoyer and C. Cunningham in a saloon at 16 Alliso street last night. He received an ugly cut on the head from his two assailants, who were arrested by Officer Jackson and jailed.

There was a snowstorm on the Sierra Madre yesterday afternoon, and a good deal of "the beautiful" fell away up under the great bank of clouds which hung upon the mountains, while all the rest of our world was in brilliant sunshine.

Gen. Miles stated to a TIMES man, yesterday, that the Navajo trouble is all over, and that the Jicarilla Apaches, who left their reservation in New Mexico, as reported in the telegraphic dispatches of THE TIMES a few days ago, are now quiet.

The authorities are unable to find out anything about the Mexican, Palomo, who was seriously cut by José Ocampo a few days ago. His wounds were serious enough to cause fears of his death, but it cannot be learned whether he is alive or where he is.

Excavation has been resumed on the big Phillips block, corner of Franklin and Spring, and the work is going ahead rapidly. The fact that this property, that formerly produced $500 a month rental, but is now unproductive, probably accounts for the haste in going to work on it in spite of the mud.

The following are the names of persons having undelivered telegrams at the Western Union telegraph office: Demas Bricker (care Howard Conrad), J. D. Brown, Frank Cross, E. Bennett, C. A. Dillon, W. P. Dinslow, James F. Finn, George Huntington, Frank Jewell, Miss May Kendall, Hugh Thomas, J. J. Ransom, Mellie McBride, William Lines, F. D. Landerman.

All to Themselves.

The long, low, light-colored row, just north of the plaza, belonging to Col. Baker's book-keeper, Forbes, has heretofore been occupied by persons of Asiatic and African descent. The lease has changed hands now. The colored tenants are out, and Chinese reign supreme and are very happy about it.

Real-estate Investors

Should remember that T. Wiesendanger and W. H. Bonsall have moved into their new offices in the Bryson block. Consult them about choice bargains in real estate or shares in syndicates and incorporations controlling the same.

Shirts made to order at Eagleson's & Co.'s. 50 North Spring street.

PACIFIC COAST.

The Webfoot Legislature Sets a Good Example

By Quickly Winding up its Business and Going Home.

San Francisco Dynamiters Arraigned in Court.

San Diego Bound to Have a Marine Railway—Deep Snow at Dutch Flat—Great Gale in Merced County—A Napa Murderer to be Lynched.

By Telegraph to The Times.

SALEM (Or.), Feb. 18.—[By the Associated Press.] The Legislature adjourned sine die at 10 p.m., and out of 490 bills introduced less than 100 passed. The Legislature was chiefly local in character. The principal act was the one to allow the Oregon Railway and Navagation to be leased for a long term to the Union Pacific, giving that line a through road from Omaha to Portland and control of the local lines throughout the Columbia River basin, also giving the Oregon Railway and Navagation a right to bridge the river at Portland.

The other railroad legislation was confined to a single measure creating a board of railroad commissioners with advisory powers only. The proposition for the State to appropripate $35,000 for the improvement of the Columbia River between Portland and Eastern Oregon failed. The prohibitory amendment to the State Constitution will be submitted at a special election in November. The proposition for a constitutional convention was also lost.

SAN FRANCISCO.

The Dynamiters in Court—Another Charge Against Them.

SAN FRANCISCO, Feb. 18.—[By the Associated Press.] The Executive Committee of the striking carmen has made the necessary arrangements for providing bondmen for the $20,000 bail required for the release from custody of Stietes and Dean, the striking carmen arrested on Wednesday and charged with being dynamiters.

Stietes and Dean were arraigned in the Police Court this morning. An additional charge of carrying concealed weapons was placed against Stietes. The attorney for the defense entered a plea of not guilty, and waived a jury trial. The prosecution also waived a jury, and the case was continued until Monday to allow the defense time for preparation.

GUILTY OF MANSLAUGHTER.

The Coroner's jury has rendered a verdict in the case of the three sailors who were killed by the breaking of a "bitt" on the bark Memnon, on the 15th. The captain was exonerated from all blame. Leon Blum and Andrew Clark, owners of the bark, were found guilty of culpable negligence, for not having the vessel in proper seaworthy condition, and were charged with manslaughter.

ARRIVAL OF DELAYED MAILS.

All delayed trains on the Central Pacific and Southern Pacific routes have arrived here. The mail matter is being distributed as fast as possible. There were on board these trains 700 bags of papers and ninety-eight pouches of letters. The English mail, destined for Australia by the steamer Mariposa, which was detained here six days, awaiting its arrival, was handled first, and the Mariposa left with it aboard today.

A Gale at Merced.

MERCED, Feb. 18.—The wind has blown a gale throughout the day, lapping up the moisture and filling the air with dust from the great sand plains to the northwestward. Part of the day the obscurity of the sun was not unlike that caused by heavy rain clouds. It was very disagreeable for travel and for outdoor work, though no material damage is reported.

San Diego's Latest Scheme.

SAN DIEGO, Feb. 18.—A company has been incorporated here for the purpose of building and operating a marine railway. Its capital stock is $50,000, all of which has been subscribed, and work will be commenced at once. Hereafter vessels of all sizes and classes can be repaired in San Diego.

Hunting for a Murderer.

NAPA, Feb. 18.—A sheriff's posse is scouring the mountains, hunting the Swede, Pete, in Wooden Valley, where Mrs. Herman Lyons was murdered yesterday. If the murderer is caught by any but the Sheriff he surely will be lynched. Excitement is great. The Sheriff offers $250 reward for the capture.

Snow at Dutch Flat.

DUTCH FLAT, Feb. 18.—Yesterday was the first fair day for over two weeks. Over six feet of snow has fallen here during the storm. The oldest inhabitants never saw the like before. Many buildings have been crushed by snow.

A Horrible Death.

TOMBSTONE (Ariz.), Feb. 18.—Frank M. Green, a well-known Nevada man, met a horrible death today by being buried beneath a slide of ore-tailings on which he was at work for the Tombstone Mill and Mining Company.

THE WEATHER.

Synopsis for the Past Twenty-four Hours—Indications.

LOS ANGELES SIGNAL OFFICE, Feb. 18.—At 4.07 a.m. today the thermometer registered 42; at 12.07 p.m., 58; at 7.07 p.m., 53. Barometer for corresponding periods, 30.04, 30.01, 29.99. Maximum temperature, 60.0; minimum temperature, 40.0. Weather at 7.07 p.m., clear.

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, Feb. 18.—Money on call, 3@4; closed at 4.

Prime mercantile paper, 5@6.

Sterling exchange dull and steady at $4.85¼ for 60 days, and $4.88½ for demand.

Today was an extremely dull and uninteresting one on 'Change. The opening was tame but the market closed firm at a fraction better than the opening.

BUSINESS TOPICS.

Great Sale at Santa Monica.

R. S. Baker, Esq., and Senator John P. Jones, through his attorney in fact, Walter Van Dyke, Esq., of Wells, Van Dyke & Lee, will make a very attractive sale of about 200 fine valuable residence lots, advertised for March 3d. The sale will take place in front of the old hotel, formerly kept by Mr. Scott. The sale will be made through John C. Bell, the auctioneer, on that day, at 11 o'clock, with orders to sell every lot for cash, positively, without reserve. Cottage by the sea: chance for everybody.

You Must be Hard to Suit

If the attractions offered by the Mondonville tract don't satisfy you:

The beautiful city at your doors.
The lovely plains at your feet.
The immense ocean before you.
The picturesque mountains all around.

And above all, the salesroom of that charming place within your reach. Rooms 1 and 4, Postoffice Building.

Marble, Sandstone and Black Granite.

The Tehachipe Building Stone Company are now prepared to fill orders of any dimensions at short notice, to stone-cutters, contractors and builders, for their fine-grade gray marble, brown, yellow, green and white standstone and black granite from their quarries at Tehachipe. Samples at office, 12 Court street. Postoffice Box 1338. ROBERT A. LEWIS, Secretary.

Into the Orange Groves.

If you are a tourist or stranger, a trip over the San Gabriel Valley Railroad now will give you more pleasure and a better view of the typical beauties of Southern California, its homes, orange groves and possibilities of growth than any other. Take daily tourist excursion, at 9:20, for Pasadena, Rose's, Baldwin's and Sierra Madre Villa. Round-trip, $2. Rail and carriage.

Eastern Visitors

Are cordially invited to call at the cosy rooms of the Riverside Agency, 230 North Main street, where they will find an exhibit of fine fruit it will interest them to examine.

Scott's new Hotel Arcadia—the most attractive hotel in Southern California; only 100 feet from the ocean; 120 rooms. Take a look at it before engaging rooms elsewhere for the winter.

The Cheapest Lots in the City.

A few well-located lots at extremely-low rates for sale by the Southern California Land Company (Baker block).

Remember that on Monday, the 21st, the Delgo-Shar tract, at Alhambra, will be ready. Call at room 57, Baker block, or 115 West First street.

Mrs. H. A. Francis, juvenile exhibition, Thursday evening, February 24th, at Turnverein Hall.

Hotel Arcadia, Santa Monica—The daisy hotel of the coast.

A. O. U. W.

Memorial service to be held at Grand Opera House, Sunday, February 20th, at 2:30 p.m., in honor of our late father, J. J. Upchurch, the founder of the Ancient Order of United Workmen. Brother Workmen, Select Knights and the public are cordially invited to attend. Seats free. Per order Robert Sharp, District Deputy Grand Master.

Buy Eagleson's perfect fitting shirt. 50 North Spring street.

ROBBINS & TONNER, 34 N. Spring st.

ALL NEW.

I handle only my own property and offer now the following:

$450—Per acre, 17 1-2 acres on Ostrich Farm motor road; this tract excells in magnificent view and at the same time is easily accessible, and will cut up without waste.

$8000—360 acres of unimproved foothill land, the frostless belt, carrying with it two water rights; this property was purchased cheap and will be sold cheap.

$600—Per acre, 80 acres on Vermont ave., extending from Sixth st. to Ninth; city water; car line provided for; this will bear investigation.

$4500—Six lots in a body, running through from Third st. to Huber; good for hotel, boarding-house, factory, speculation, etc.

$1000—One lot 70x125 ft., fenced, just beyond Belmont Hotel; this unusually large lot is unsurpassed in views and position.

$3500—Desirable house of 7 rooms; good barn, large, sightly and valuable lot, on Ocean View ave.

Real Estate.

MONDONVILLE

This Beautiful Tract,

BET. WASHINGTON & ADAMS STS.,

HAS JUST BEEN SUBDIVIDED INTO

284 Splendid Residence Lots!

—LOCATED IN THE—

SOUTHWESTERN SUBURBS!

On a plateau overlooking the surroundin country in every direction. It possesses the advantages of a pure and light air, constantly refreshed by a healthful and

INVIGORATING SEA-BREEZE.

MONDONVILLE!

Is today the center of the most promising locality, as the majority of the fashionable and successful tracts sold lately have been in this direction.

The electric and a cable road, together with the two-horse car line, are rapidly stretching out in this direction, which is the main highway to Santa Monica and the new Harbor at Ballona.

Forty thousand vines and fruit trees are on this tract. Streets are lined with ornamental and shade trees.

WATER

Will be Piped in Front of Each Lot.

THREE LOTS RESERVED

For Public School and Church.

TITLE ABSOLUTELY PERFECT.

Price of Lots, $275 each, on easy payments, viz: $50 and $20 per month, WITHOUT INTEREST.

An elegant three-seated wagon leaves the office daily at 10 a.m. and 2 p.m. In addition to this, a conveyance will meet visitors at the terminus of the electric railroad.

For free ride, maps and information apply to

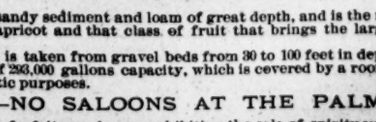
Excursion.

Fourth and Last Grand Excursion!

—TO THE FAMOUS—

Santa Clara Valley!



LAND-SEEKERS AND TOURISTS

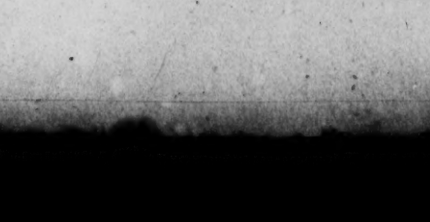
SHOULD SEE THIS LAND OF VERDURE AND PERPETUAL SUMmer before locating elsewhere. Trains leave Los Angeles via Southern Pacific Company's Central California route at **7:30 p.m., THURSDAY, FEBRUARY 24th.** Excursion tickets (good only on this train and date); for SAN JOSE and the FAR-FAMED SANTA CLARA VALLEY, at ONE PRICE FOR THE ROUND TRIP! Purchasers will receive rebate, $6.45, making the fare **$15.** Tickets good on any regular train for return on or before February 28, 1887. This will give all an opportunity to attend the GRAND CENTRAL CALIFORNIA CITRUS FAIR, which opened at SAN JOSE on the 7th inst. Also an opportunity to visit the world-renowned Lick Observatory, Santa Cruz Mountain Big Trees, and all points of interest in the Santa Clara Valley, so properly named by Bayard Taylor, "THE GARDEN OF THE WORLD."

Ample sleeping-car accommodations can be secured in advance. For further particulars call on or address,

E. R. MERRIMAN, Manager Los Angeles Agency, St. Elmo Hotel.

☞Tickets now on sale at 202 Main Street, Los Angeles.

Real Estate.



THE PALMS.

Ten Miles West of Los Angeles,

Five Miles East of Santa Monica.

No Cold Winters. No Hot Summers.

THE PALMS IS ON THE SANTA MONICA BRANCH OF THE SOUTHERN PACIFIC Railroad, has six daily trains, and is only ten minutes' ride by rail and thirty minutes by wagon road to the most popular seaside resort on the southern coast.

THE PALMS has the most even temperature summer and winter of any part of Southern California.

THE SOIL is a sandy sediment and loam of great depth, and is the natural home of the fig olive, lemon, lime, apricot and that class of fruit that brings the largest profit in the local market.

PURE WATER is taken from gravel beds from 30 to 100 feet in depth, and is forced into a cement reservoir of 200,000 gallons capacity, which is covered by a roof to keep the water pure and cool for domestic purposes.

—NO SALOONS AT THE PALMS.—

Deeds contain a forfeiture clause prohibiting the sale of spirituous liquors. Size of town lots are 50x150 to a 20-foot alley. Villa lots from 5 to 10 acres each. Trees will be set out in the parks and on each side of every street.

Parties from Los Angeles can take the 9:30 a.m. or 12:20 p.m. train at the Commercial-st. depot and return on the 11 a.m. or the afternoon train, which leaves THE PALMS at 3:15 p.m.

A Combination of Equal Advantages Challenged in any Part of the World.

LOS ANGELES OFFICE, 25 TEMPLE STREET.

CURTIS & SWEETSER.

OUR NEIGHBORS.

Orange.

LOCAL BREVITIES.

ORANGE, Feb. 17.—[Correspondence of THE TIMES.] No dry year this time.

Hay and feed are falling in price.

The prospect for good crops was never better.

Orange has a new watchmaker.

W. G. McPherson has been appointed Deputy Assessor.

The Orange postoffice has a new flagstaff.

Mr. Calder, of Cedar Rapids, Iowa, who has already spent three winters here, has again returned.

A party of men are about starting for Arizona, where they are to plant a large vineyard for McPherson Bros.

McPherson now has two daily mails, and the bonds of the postmaster on account of increase of business have been raised from $2000 to $5000. Our mail was delayed one day only by the washout.

The fountain, which the ladies bought for the center of the Orange circular town plaza, has arrived in good order, and will soon be put into position.

Memorial services for Father Upchurch were held in the Methodist Church, Sunday, the 13th inst. The members, a fine, substantial-looking set of men, attended in a body. The discourse, by the Rev. G. F. Bovard, was impressive, and the whole proceedings very creditable to the order.

A.

Annandale.

SOMETHING ABOUT THE STORM.

ANNANDALE, Feb. 16.—[Correspondence of THE TIMES.] I am glad to say it commenced to rain on the 1st of the month, and has been raining most of the time since. There has fallen up to this time just seven inches, and we still have showers. The first twenty-four hours of rain seemed to be confined to San Diego county. Its limit northward was the base of San Jacinto Mountains. The fall on these mountains must be much greater than on the north of San Gorgonio Pass. It was snowing the most of three days on the higher peaks on both sides before it got down to the pass. The snow came as low as 2000 feet above sea level. Now, all are light-hearted. The snow on the highest peaks must be very deep. All the small growth is out of sight—covered with snow. The deer seemed to know it was coming; they all left, for somewhere out of this region. The tenderest flowers have not ben touched with frost this winter. S. Z. M.

LETTERS FROM THE PEOPLE.

Wilson's Peak Let It Remain.

LOS ANGELES (Cal.), Feb. 18.—[To the Editor of THE TIMES.] The bedaubing of that old sentinel, Wilson's Peak, with an absurb title coined from the name of a man, as mentioned in today's TIMES, is worthy of an expression of indignation from those who do not care to see old land-marks and titles eliminated in the interest of some one's ambition. It has been called Wilson's Peak by common consent because one of that name performed acts which entitled him to that distinction. Does anybody know the reason why the government surveyors assumed to redesignate it by a not at all worthy or euphonious title? Why did they choose the name of Kinney, with an alleged poetic suffix? Why not Smithsonian, Rohersonian? or, if they wished to perpetuate to our posterity a name, why didn't they choose that of something decent, or better than all, have left it alone? Unhappily, their action being official, the mountain will now bear the title they have, upon consultation with one person, given it—at least, upon the government maps, but the people can, and will, disregard the innovation stuffed down their throats and continue to remember it by its old name—a name bestowed long, long before its present appropriator sniffed the air of Southern California.

Yours, "WILSON'S PEAK."

All parties concerned in planting shrubbery, roses, etc., are specially requested to visit Leigh Overman's Nursery Depot, corner Temple and Fort streets, where they will find not only the largest variety of roses in Southern California, but an endless variety of choicest shrubbery, clematis, etc., to select from.

39 LARGE LOTS. 39 LARGE LOTS.

Two street car lines pass the tract. All lots front on 80 and 100-foot streets. It lays from one to three feet above the street, and is as fine residence property as any in the city.

Also FOUR LOTS fronting on Figueroa st., 60½x176, in the Judson Tract. Very fine lots.

Also TWENTY-EIGHT ACRES at Santa Monica of beautiful rolling land, with fine views of the sea and surrounding country.

WILLIAM WRIGHT, Owner.

LOS ANGELES PRINTING COMPANY, 231 N. Los Angeles street.

BEAUTIFUL SIERRA MADRE.

FOR SALE AT A GREAT BARGAIN,

If applied for soon, a tract of 31½ acres in this gem of all the colonies of Southern California. Unrivalled in scenery, plentiful supply of purest, coldest mountain water, no frost, no fogs, no harsh and chilling winds.

FAR BETTER AND CHEAPER THAN ANY PROPERTY, RELATIVELY, IN PASADENA OR RIVERSIDE.

Fine cemented stone reservoir and system of pipes. 400 Washington Navel orange trees, 50 Eureka lemons, 15,000 choice grape, several hundred peach, prune, apricot, etc. Only one mile from railroad—great transcontinental route—and 30 minutes from Los Angeles. Could be advantageously subdivided into many fine residence lots. Must be seen to be appreciated.

For terms and information apply by letter or in person to A. F. KERCHEVAL, Los Angeles.

H. H. WILCOX.

SPECIAL LIST.

No. 598—10 acres on Washington st., a short distance from the new street car line, now being laid; house of 6 rooms; well, windmill and tank; small barn; 300 bearing apple and peach trees, 70 orange trees, 2 acres vineyard and a variety of small fruits; place is well fenced, well improved and among the most beautiful for a home in the county; price $8000
No. 1066—6-room house, neatly finished, barn, chicken house, corral, water in house, fine lawn, trees, flowers, etc.; lot 60x180, one block from street cars .. 2700
No. 1024—Dwelling, new, 5 rooms, bath and closets; splendid location; fine view; lot 60x120 4500
Choice building lots in the Aurora tract, on the new street car line on Washington st. Cheap and on easy terms.
Call at our office and we will drive out with you to the Acme tract and show you those fine, sightly lots, at a bargain.
57 acres choice land near end of electric railway and adjoining Arlington Heights; very desirable for subdivision into acre lots for villa residences; will be sold at a bargain.
No. 1016—Ten lots in the Judson tract, at from $1000 to $1500 per lot.
No. 608—Fine ranch, near city, 107 acres, all level land, fine soil, small orchard; house of 6 rooms, good well, windmill and tank, barn, corrall, shade trees, etc., a bargain for a few days only, per acre 55
One hundred acres very choice foothill land, free from frost; desirable for raising winter vegetables; requiring no irrigation; the finest land in the State; improvements; will divide it; 2 miles from city limits; on payments; per acre 300
This land is susceptible of a high state of cultivation; will produce from two to four crops per annum, owing to the variety planted, such as melons, potatoes, tomatoes, peppers, peas, beans, cabbages, etc.; $100 per acre net profit is but a fair estimate on each crop; this sum was realized per acre the present season from this winter vegetable land; winter tomatoes will yield much more than $100 per acre net, and melons and potatoes will average that amount; we plant tomatoes in August, potatoes in October, November and January, and then follow with melons, on the same ground, which will bring a return of $100 per acre net, without one drop of water; this soil will remain moist the entire year by proper cultivation; ten acres will make a man wealthy in a few years if properly cultivated; must be seen and investigated to be appreciated.
Part of the above tract has recently been sold to parties who will at once erect residences thereon.
Twenty acres on Pico st., at terminus of the electric railroad; suitable to subdivide into lots; for sale at a bargain.
Twenty-three acres near Ellis Villa College; beautiful and elevated; very desirable to subdivide into city lots; the best bargain in Los Angeles; for sale, cheap.
Those fine University lots 65x130 ft., fine soil, very desirable location, having the new University of Southern California, church, store, postoffice, two lines of street cars completed and another line soon to be built; splendid residences, excellent society and the finest drive in the city, at the very low price of $500 to $600 per lot; terms easy; if you see these lots you will purchase them.
A few choice lots on Ocean View ave., Nob Hill tract, cheap.
A few fine building lots on Grand ave.
We have a very large list of very desirable property of all varieties, as cheap as any in Los Angeles. Give us a call before purchasing. We will gladly show you what we have for sale, and we will not knowingly misrepresent to any one. If you have desirable property for sale at a fair price, leave it with us. We are selling more property now than ever before. We are not retiring, nor are we tiring. We keep our office open and warm evenings for the accommodation of working men and strangers, and to all who will give us a call we say, welcome. H. H. WILCOX, 24 N. Spring st.

Also, lands throughout the State.

CLAPP & McCORMICK,

REAL-ESTATE BROKERS,

GRAND HOTEL BLOCK, PASADENA, CAL.,

Make a specialty of

SIERRA MADRE PROPERTIES.

Some choice business and residence lots on their list. Sierra Madre is the coming Pasadena. Here is the chance for investment.

FOR SALE,

THE BONNIE HIGHLAND FRUIT RANCH AT DUARTE,

Containing 20 acres, together with 20 shares water; the trees are large and of the improved varieties; it will pay a large per cent. on the investment; large oak trees about the house and yard; this is one of the choice homes at the foothills, a very healthful and central location, opposite the postoffice; convenient to depot; soil rich and easy to handle; the orange crop now nearly ready for market; can give immediate possession. Address the owner, GEO. W. STIMSON, Pasadena.

Real Estate.

IVANHOE

700 ACRES

DIVIDED INTO ONLY

1400 LOTS.

Price of Lots, $150 Each. First Payment, $20.

Succeeding Payments $10 Monthly Without Interest.

The entire tract is beautifully situated, with a charming view, pure air and water and perfect drainage. The Ostrich Farm Dummy Railroad runs through the tract, with a five-cent fare guaranteed to and from the center of the city. This road will be completed to the tract July 1, 1887 Pure and abundant water piped through all the streets.

Size of lots, 50x150 feet up to 5 acres. The average size of lots, half an acre. The uniform price of these lots is placed at $150; first payment $20 cash, with succeeding payments of $10 per month, without interest. This is a splendid investment for a very small amount of money.

When $100 has been paid on each lot, the entire number of lots will be distributed among the purchasers, on the same plan as that on which the Childs tract was distributed.

This tract is situated upon the hills, which are rapidly becoming the most desirable residence portion of the city. The soil is a warm, sandy loam, free from frost, being in what is known as the warm belt. The elevation is such that the temperature is more even than in the city.

Free carriage to the tract every day from the office of the agents. Maps and circulars and all information can be had from

BYRAM & POINDEXTER, Managers,

The West Coast Land Company now offer for sale in subdivisions

THE PASO ROBLES RANCH,

Of 20,400 acres, less 6000 acres sold to settlers in the past four months,

THE SANTA YSABEL RANCH,

Of 20,200 acres,

THE EUREKA RANCH,

Of 11,000 acres,

And 12,000 acres of the HUER-HUERO RANCH, all lying in a body, on the S. P. R. R., at its terminus in SAN LUIS OBISPO COUNTY.

These are agricultural and and fruit lands, in quality equal to any in the State, with an average annual rainfall exceeding that of Santa Clara county, and

REQUIRE NO IRRIGATION.

TEMPLETON, the present terminus of the railroad, less than three months old, has a population of over 300, a newspaper equal to any in the State outside of San Francisco, the Templeton Times; The Templeton Institute, established and primary department now open; the best hotel in the county and south of Salinas on the road, and lies central to these ranches and to

FIVE HUNDRED SQUARE MILES

Of rich agricultural and fruit land—the most picturesque section of country on the Pacific coast. Eight hundred acres have been subdivided into lots of from 5 to 12 acres each, adjoining the town and Templeton Institute, for the convenience of patrons of the school, and are offered at low prices and on same terms as ranch lots. The ranch subdivisions are offered at an average price of $20 per acre, and are equal in every respect and superior in point of climate and rainfall to lands in San Bernardino and Los Angeles counties, readily selling at from $100 to $500 an acre.

TITLE, U. S. PATENT.

TERMS OF SALE—One-third cash, balance in four equal payments, at 2, 3, 4 and 5 years; interest 6 per cent per annum. The mortgage tax paid by the mortgagee, make the interest about 4 per cent. net to the purchaser. A deposit of $25 will be required in all cases, to cover expenses of sale.

C. H. PHILLIPS, Manager,

West Coast Land Co., San Luis Obispo, Cal.

A new catalogue and maps showing the location of these lands, the town of Templeton, the 800 acres in 5 and 12 acre lots, and all the ranch subdivisions will be sent free on application.

BUSINESS.

OFFICE OF THE TIMES, LOS ANGELES, Friday, Feb. 18.

In the local markets today Australian Wheat and Rye and Barley were quoted higher. Barley Hay was lower. The best butter was 2 cents higher. Eggs declined 2 cents.

The following is the latest summary of the Chicago markets for California products:

SAN FRANCISCO, Feb. 18.—The Call's Chicago special says: "Oranges are in good supply and moderate sales are made. Quotations range as follows per box: California bright Riversides, $3.25@2.50; California Navels, $3.50@5.50. The varieties of California Dried Fruits are having very light sales, but are about steady."

A recent circular of Hecht, Bros. & Co., of Boston, has the following on the Wool trade:

Domestic Wools have continued in steady demand during the week and the tone of the market continues firm. The sales of all kinds for the week have been 3,238,100 pounds. The advices from abroad are uniformly encouraging, and holders here are not disposed to accept lower prices, notwithstanding the efforts of manufacturers in this direction. . . . In the present condition of affairs at home and abroad, there is no prospect of an immediate decline in Wool. There is hardly a perceptible difference here, except in No. 1 Wools. If manufacturers could afford to pay so high for their raw material last year, in the face of prospective labor troubles and undermining influences, we see no reason for their hesitation now, as the outlook is certainly more promising for woolen goods the coming season than last year, notwithstanding the unsatisfactory result of the auction sales in New York. The action of manufacturers in confining their purchases to small lots at this time is probably due to a fear on their part that extensive purchases would cause an advance in prices of Wool, as they no doubt would. Manufacturers have more distrust in the future of Wool than in that of goods. The most important feature of the market at present is the demand for one-quarter and three-eighths blood Wools, of which there is an apparent scarcity, both on the seaboard markets and at interior points. As high as 32@33c. has been paid for these Wools. . . . For Spring California there has been a good demand. A round lot of 275,000 pounds, comprising a part of the choice Humboldt clip, has been sold at 27c. per pound; but this is a fancy price, and is really 2c. above the market value for some of the best Wools. There has been more inquiry for Fall California Wool, and several large transactions are being negotiated. Buyers wish to pay prices on a basis of 50c. the scoured pound for good, respectable Wool."

The New York market for California Raisins is in a bad way, judging from the following:

NEW YORK, Feb. 18.—The market for California Raisins here is certainly demoralized. It is estimated that the stock in this city today approaches closely 60,000 boxes, and as a considerable portion consists of undesirable goods, holders find it difficult to find buyers even at the present nominal quotations of the market. The stock in the hands of New England dealers is said to be quite full, and few inquiries are experienced from that quarter.

Stocks and Bonds.

The Mirror Premium Sewing-Machine.

$22.00 for a $75.00 High-Arm Sewing-Machine

And The Weekly Mirror.

THE MIRROR

Perfect and Improved High-Arm Sewing-Machine.

For $22 this machine and WEEKLY MIRROR, postage paid, for one year.

This machine is the first of its kind ever offered the public at factory prices, and cannot be bought from agents for less than the regular selling price, $75. It is the high-arm pattern, has self-setting needle; cannot be run backward; has automatic cut-off for driving belt, which prevents it from being run backward, thus avoiding all dangers of breaking thread or needles. It is a noiseless, light-running machine, accompanied by an illustrated book of instructions that makes everything so plain and simple that any lady or child can master it. We call it the MIRROR HIGH-ARM SEWING MACHINE, and we warrant it to give full and entire satisfaction in every case, or it may be returned to us within ten days after the subscriber has received the same, if it fails to be as respresented, at our expense, and the money will be refunded.

The above cut represents our HIGH-ARM MIRROR SEWING MACHINE, the very latest improved machine of the high-arm style; a complete embodiment of all the most recent improvements in sewing machine mechanism; a model selected by us after a careful and critical examination and test of the various machines in the market.

Having arranged with the manufacturers to supply us with these machines in large quantities for spot cash at or very near first cost, we can save our subscribers at least $35 on the price of each machine. As this is the first time a sewing machine of this character has been offered to the public at about manufacturer's cost, we feel confident our readers will promptly take advantage of this opportunity to provide themselves with first-class high-arm machines, which obtained in any other way would cost them almost three times the amount.

We could fill several columns expatiating on the merits of this high-arm machine, but to save the reader's patience we will simply say that it contains all the modern improvements, is strong, simple, durable, light-running and noiseless.

OUTFIT—Each machine is supplied with the following outfit: One Hemmer and Feller (one piece), Twelve Needles, Six Bobbins, One Wrench, One Quilting Gauge, One Screw Driver, Oil Can filled with Oil, Cloth Gauge and Thumb-screw and a Book of Directions. The following extra attachments are also furnished free: Ruffler, Tucker, Binder, Set of Wide Hemmers and Shirring Plate.

The regular retail price of this machine is $75. Our price with a year's subscription to the WEEKLY MIRROR is only $22.

Knowing the character of the machine and the high grade of material and workmanship entering into its construction, we have no hesitation in agreeing to return the money at once to any subscriber who is not fully satisfied on examination that our high-arm machine is fully equal to our representations, we paying freight on return of the machine.

CAUTION—Sewing machine agents will tell you, "Beware of Cheap machines." We tell you, buy the high-arm machine on trial, and if not satisfactory return it. No agent can sell you its equal for less than $75. Each part of the machine is fitted with such exactness that no trouble can arise if any part is broken, for a new piece can be supplied with an assurance of a perfect fit.

The High-Arm Machine is carefully packed and shipped by freight from Chicago.

Freight charges are to be paid at point of delivery by the subscriber.

Give shipping directions plainly, as well as the postoffice, address the paper is to be sent to.

☞ The LOS ANGELES DAILY TIMES—Any person desiring the Daily and this Sewing Machine can have the same by mail for $27.50 or by carrier for $29.

HOW TO ORDER.

When you remit us the $22 for the Machine and WEEKLY MIRROR one year, write plainly the point the machine is to be shipped to, as well as the postoffice the paper is to be sent to. The machine should be ordered to the nearest railroad point where the railroad company has an agent stationed, and the name of railroad station, the county and State should be stated. When $22 are sent for the WEEKLY MIRROR one year and the machine, the freight charges from the factory are to be paid by the subscriber at the point Machine is delivered to.

We would advise subscribers to order machine sent by freight, as the freight charges are about one-third to one-fourth of express charges; and while the time taken in the carrying of the machine is a little longer, they go just as securely and safely as by express. The machines will be shipped direct from the manufactory (Chicago), all set up ready for use. The money must accompany order. Address,

THE TIMES-MIRROR, CO., Los Angeles, Cal.

Call at Times-Mirror Office and Examine the Machine.

W. N. MONROE,
Chairman Committee.

Another Successful Enterprise.

On Thursday morning the Southern California Land Company (Baker block) placed upon the market 160 acres of splendid land, three miles south of the city, in subdivisions of five acres at $190 per acre. Within the two days every share has been taken. This adds another to the long list of successful enterprises of this popular and reliable company.

Dry Lumber.

For some time there has been a scarcity of dry lumber in this city, but the Schallert-Gamahl Lumber Company, by a special effort, have succeeded in securing a lot of thoroughly seasoned rustic and finishing lumber, which they offer to the trade at their yards, Alameda and First streets.

At the ladies and gents' parlors of the Carbolic Smoke Ball, rooms 3 and 4, over 28 North Spring street, Los Angeles, they give free tests in order to prove their assertions. Truly, it's a wonderful curative discovery for such diseases as catarrh, colds, asthma, etc. Send for testimonials of our best citizens.

Dr. J. L. York, the noted Liberal lecturer, will speak in the Grand Opera House Sunday evening at 7:30, sharp. Subject, "Evolution, the World We Live in, Man or Monkey, Which?" The small fee of ten cents to pay rent of theater.

Bargains in Harness.

If you want to see the largest stock of Eastern and custom-made harness in this city selling at lowest prices, call at Tarble's, 104 N. Los Angeles street.

Medical.

SPECIAL NOTICE

TO THE AFFLICTED.

DR. M. HILTON WILLIAMS

Continues to treat all the various diseases of the *Head, Throat and Chest*, including the *Eye, Ear* and *Heart*, by his new and complete system of *Medicated Inhalations*, combined with proper constitutional remedies for the *Stomach, Liver* and *Blood*, etc. Probably there has never been any system of practice so popular a one that has so completely revolutionized the system of medical practice as the Aerian or Inhalation System, for head, throat or lung affections. The cures effected are simply marvelous, and can be substantiated by the very best citizens of Los Angeles. During the past three years we have endeavored to be conscientious with our patients, and if, upon examination, we find, in our judgment, the case to be of an incurable nature, we unhesitatingly inform the patient or friends. We believe this system to be justifiable and are ready to condemn any physician who would do otherwise.

Below we give a sample of the cures effected by us.

LOS ANGELES (Cal.), Sept. 24, 1886.

DR. M. HILTON WILLIAMS—DEAR SIR: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen something of the kind from a person in the city to whom I could have referred, when I first came to Los Angeles from my home in New York State.

I had been suffering for several years with what various physicians in the East pronounced "chronic ulcerated laryngitis." I spent considerable time at the Clifton Sanitarium, and employed the best medical skill I could find, all without any permanent benefit, and, a last resort, our family physician recommended Los Angeles. For a time I improved, and then I began to go backward and all my former symptoms returned.

Through a medical friend I was induced to try your treatment, which I did August 20, 1884. I become very much discouraged at times, but persevered, as I felt almost desperate and knew of nothing else to turn to. My throat trouble, being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with the use of your remedies, I consider I am permanently cured. If this will be of any value to you, you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours, MRS. J. D. WILEY,
821 Olive street, Los Angeles, Cal.

RIVERSIDE, Oct. 17, 1886.

To the many testimonials won by Dr. Williams it gives me pleasure to add my own to the list so highly in his favor. For nearly two years I had been suffering from throat and lung trouble, brought on by catarrh. Had tried many remedies in the meantime, but found only temporary relief. After two months' treatment, prescribed by Dr. Williams, my cough left me altogether and I now have no pain in my throat or lungs as formerly. I cannot speak too highly of the benefits I have received and shall ever be grateful to one who is worthy of the highest recommendation.
Miss MINNIE H. HARRIS, Riverside, Cal.

NEWHALL (Cal.), Sept. 22, 1886.

DR. Williams—DEAR SIR: I write to tell you how much I thank you for what you have done me. My catarrh and deafness, which have been a burden to me for so long a time, are entirely cured, and my general health so much improved that I feel like a different person. Thanking you again for your many deeds of kindness, I am respectfully yours,
Miss ANNIE RICHARDS.

LOS ANGELES (Cal.), Dec. 4, 1886.

DR. M. Hilton Williams—DEAR SIR: I desire to let every man, woman and child know that you were instrumental in saving my life from that foul destroyer, consumption. I came to Los Angeles from Quincy, Ill., on the 10th of June, 1886. The very next day I began treatment. I was at that time afflicted with a large cavity in the upper lobe of the right lung, from which I had suffered over seven years, but, thank God, you cured me in 16 weeks' time, and now I am as well and strong as ever. Tell it to all. Yours truly, JAMES JESSOP, Quincy, Ill.

P. S.—I go home tomorrow.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance to business whatever.

I have seen so many of these cases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at the office for consultation and examination, but, if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

M. HILTON WILLIAMS, M.D.,
275 N. Main st., Los Angeles, Cal. Office hours from 9:30 a.m. to 4 p.m.

---SPECIAL.---

ELLIS TRACT! ELLIS TRACT!

If you want a lot for a home, don't buy until you have seen this, the most beautiful spot in Los Angeles. Graveled streets, cement walks, elegant residences, shade trees, orange trees, water piped to every lot; in fact, everything that one can wish for has been done to make this the most perfect of all tracts. This property, lying as it does in the very best part of the residence portion of the city, has found ready sale among our best people, and but a few lots are left out of the whole tract placed on the market only last July.

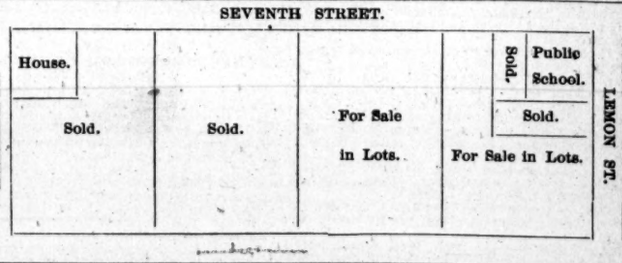
For prices, terms, etc., call on

ALBEE & WILLARD, 36 1-2 N. Spring st., Los Angeles.

☞We have a fine list of houses, lots, tracts and acre property, which we take pleasure in showing.

The E. B. Millar Property.

SEVENTH STREET.



ONLY 26 LOTS OFFERED IN THIS PROPERTY, ALL LARGE LOTS, at prices from $350 to $600—less than half the prices that lots in Maple Avenue tract brought at auction in November. Maple Avenue tract is between Seventh and Eighth and Main and Alameda streets. New public schoolhouse on this property, and first-class vineyard on the whole place. Just near the famous Wolfskill orchard. This is a fine opportunity to buy a home near to business.

BYRAM & POINDEXTER, 27 W. First st.

☞We have 120 acres of the best land near Anaheim for sale, or for exchange for good city property.
